NEIL KEENAN UPDATE | Busted! – The Taming Of The Cabal's Lowlifes

January 10, 2015

Busted! – The Taming of The Cabal's Lowlifes

Neil is mad as hell! He's had enough of the pointless criminal endeavors that these Cabal cronies are foisting upon those who give their best toward making the change happen. Well they can forget it. Change is going to come.

Since much sordid detail has recently come to light, Neil believes the time has come to be the whistleblower on these attackers. It will also give an idea, albeit a small one, that there is not one aspect of what Neil is doing that is without multiple twists and turns. We would like to see it otherwise, and to that end, here is a bit of a side-drama that needs revealing. With so much deviousness and unnecessary turmoil, it's time to shed some light under these rocks. And Neil's coming out swinging to get rid of these bothersome parasites.

For nearly four months Neil Keenan, the Keenan Team, Drake, Thomas, and Cosmic Voice have had to endure intense and constant hacking attacks. Fortunately, we have found ways to repel these attacks, this post being just one of them.

Understandably, and unfortunately, it is something we have to deal with in this Universe — those who appear to be other than who they truly are. With convincing evidence derived from their own computers, they must now face the very music they create with their hatred, jealousy and revenge, the disorder that courses through their veins.

You may be aware of them as being something "special" but it is just possible that they are deceiving you as they have many others. The "Old Girls Club" is very old, and whereas at one time we thought to just ignore them and let them go away, it has come time to put a stop to them all, with even jail being a consequence.

Thanks to one of them, one that wished to destroy us all, we have been sent information that will take them down along with all the others who thought this was fun and games. Yes, this member of their group attempted to leave, but Deb Martindale roped her back in. Since they thrive on their own hateful venom, it's obvious that those who are not so sure will be distancing themselves from Sims, Pollack and their group in order to avoid possible arrest.

Hard evidence and a sworn statement are now in the hands of not only the Illinois State Attorney General but also FBI investigators who have opened the doors to examine the following group members: Tom Sims, Deb Martindale, Elizabeth Otto (although with a caveat – it seems that someone has come to her defense in order to prevent her prosecution), Ellen Gonzalez, Scott Pollack, Emily Twomey, Lorri Lou-don and Jean Haines.

This group's sole objective is to attack Neil Keenan, the Keenan Team, Drake/Cosmic Voice, and others that move forward toward liberty without the permission of the Old Girls, and Tom Sims and Scott Pollack who have aligned themselves very closely with these women in many ways.

Tom Sims lives with his Mommy, and his base of attack on everyone is from his basement apartment in her home. Scott Pollack tried to recreate himself in the image of his father, who was a successful musician, but failing that, he has become a buffoon of a blog host. He never did quite fit into his old man's shoes.

Not understanding one word of what he says, Pollack acquires his information from Sims and transmits his libelous slander for anyone who will listen, and tolerate watching his incessantly blinking eyes. It's not a large number who tune in, but it's still one too many for anyone of conscience to bear.

Sims and Pollack along with Haines are the purveyors of the contemptible slander and needless attacks. After Haines and Keenan parted ways, she went on her own personal attacks amounting to little or nothing of the truth. Keenan parted with Haines because she became unbearable, demanding among many things that he leave the Global Accounts alone and stick to his lawsuit.

For all of her fawning followers, Haines agenda remains solely about Haines. She stated her perspective clearly to Neil: Forget the people! Go into "ascension" with her and leave everyone else behind to fend for themselves.

Unfortunately for Haines, Neil wanted nothing to do with it. Fortunately for us, Neil loves his family and has no reason to leave any of us behind. In fact, quite the opposite — he plans on taking us along with him right to the very victorious "end."

Haines ordered Keenan to take the girls off his Facebook page (not pornographic, by the way), but what no one knew at the time (including Keenan) is that it was Sims posting those pictures. And he is still doing it to this day. But Neil took some amusement in playing this game — he dances to his own music.

Since the following facts have been posted on another site already, Haines' less-than-stellar background bears noting here as well. Haines' husband apparently committed suicide, the circumstances of which are still under investigation.

By all local accounts, the husband was well liked, but as it turns out, Haines was run out of that hometown of Raleigh, North Carolina. She now hides in Kelowna, British Columbia, Canada, living illegally there to hide from the mess she created.

Now Sims' website has been copied and let it be known that any move they make can be considered criminal. This is not due to slander or libel but because of the outright theft instigated by Sims at the Western Union in Limassol, Cyprus. It was Sims who

hacked into Keenan's computer and sent out requests on Keenan's behalf soliciting money to be sent to an email address that was very similar to Neil's.

The instructions for the money came from Sims and his team. They then had someone pick up the funds waiting for Neil at the Western Union office in Limassol. And this was done without any identification being required! Ultimately, Sims is responsible for this theft and the shameless duping of innocent supporters.

Birds of a Feather

"There is no reason to hide what is taking place," states Neil. The authorities are now monitoring Sims, Pollack, Haines, Gonzalez, Otto, Twomey, and others. As a matter of fact, the Keenan Team encourages this group to continue their slandering, and have Sims keep posting comments posing as Neil's direct postings.

Sims himself states, "We have created not just a cluster-fuxx for Keenan we have created a virtual cluster-fuxx." Furthermore, he tells his followers (the above members of the group who have secret codes) that soon Drake will be travelling south in an attempt to get away from this group. It is highly doubtful that anyone is running from this group.

It seems they have their sights aimed especially at Drake. According to their communications between themselves, they expect Drake to be going southbound anytime now. Little do they know that soon they themselves may be heading south – south to the Hoosegow (jail)!

From a recent conversation, Neil understood that "the group wants the Old Girls, Sims, Pollack and all the others to continue on." But they should be aware of this and govern themselves accordingly: Anything and everything that's done now is monitored; every move on their website is being watched. If they delete from their set-up or if they add, it is a matter of record.

And it really is nice for a change to give authorities a legitimate clean-up job and watch them actually do the right thing. It seems the one who thinks he is the hunter is now trapped by an actual hunter. *With a laugh, Neil declares: "Checkmate!"*

The Tables are Turning

Why does this group's world revolve around Drake/Thomas and Keenan? Drake's and Thomas' nightmare:

For all who wonder what is happening with the show's interruptions, just ask the above-mentioned individuals, particularly Tom Sims. But the show must go on and the Drake/Thomas team plow through the snow to get the show up and ready, only to often have it interrupted and communications blocked.

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

Now that the State Attorney General of Illinois' and the FBI are involved, it will not take much for these recognized thieves, liars and cheats to be picked up now. With indisputable documentation in hand, it is only a matter of time before all of this criminal activity will stop.

[Alfred Webre Leads Demolition Ops vs. Kevin Annett / ITCCS, Jean Haines vs. The Keenan Group](#)

As we wait to see what transpires from this outright conspiracy to defraud the Keenan Team and to prevent Cosmic Voice from conducting orderly business, it just may be that this above-mentioned team has expanded. Alfred Webre is now a part of this corrupt team, and possibly Kerry Cassidy, but the jury is still out on her. She may have planted some roots, but let's not water them and watch her wither.

Cassidy has been collaborating with a cohort of hers, Paul Collin, in attempting to cast suspicion about Neil being the "real thing." Considering that not too long-ago, Neil provided some financial help to Collin in his time of desperate need, this is a most dismal way to acknowledge that kindness.

With Cassidy supporting his effort to discredit Neil, it surely raises some glaring questions about her motive and agenda. If there are any whistleblowers on this whistleblower host, Cassidy, please contact the Keenan Team.

There are those who counted on Neil remaining quiet about these nefarious deeds. But to do so only perpetuates keeping us in the dark and unaware. The concept of unity is not an elusive ideal — real freedom starts with taking a stand against all things that keep us in struggle.

NEIL KEENAN UPDATE | Modern Day Pied Piper / Red Dragon Ambassador Exposed

January 26, 2015

Neil recalls that as a youth he loved listening to his mother read him fairy tales and found the story of [The Pied Piper](#) particularly fascinating. It was hard to imagine any one person getting so many children to follow him into oblivion. What did he have to keep them entranced? What promise did he use to captivate them? What was he selling?

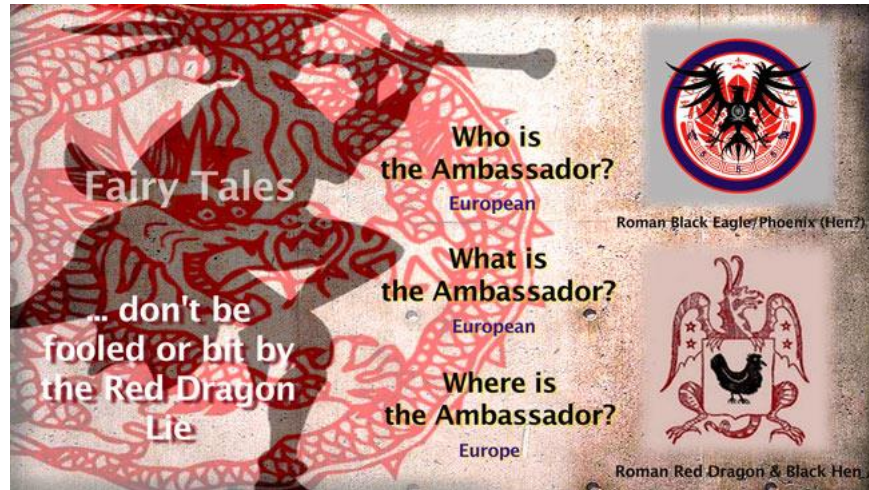

It seems that in this day and age we still have the Pied Piper running around selling dreams to both children and adults. And they are buying it. Their desperation and lack of desire to do things for themselves makes them easy-sells. They believe and follow a dream of getting something for nothing.

But Neil would have you hear some different pipes, “waking-up pipes,” in order to avoid being led over the cliff. For years no one other than Neil Keenan had mentioned the name “Dragon Family.” Many doubted Neil’s claims that the Family itself is our salvation.

Then, in many cases, when everything fell apart, everyone who had at one time denied even the existence of the Dragon Family made declarations that they had connections themselves, all unbeknownst to the true Dragon Family itself. When Neil asked them most recently about the Red Dragon Society/Family, he was advised not to be concerned about them because they are renegades from Thailand and have no money to assist anyone.

The Clues

There is one who calls himself the “Red Dragon Family” Ambassador. He does not give his name, nor does he even allow his image to appear in the videos. But he does make all kinds of promises for humanity, promises that only one near the top of the pyramid of Western Black Nobilities could conceivably make. But this is not possible, is it?

The Red Dragon Family is the machination of this Ambassador, but he is far from alone in leading a merry chase for those who would follow.

He stated that he is not Chinese, yet he claims to represent a Chinese family. He said he didn't even know when the Chinese New Year was, a celebration of which many Eastern cultures are aware.

The Ambassador asserts many claims about himself and the Red Dragon Family. He has stated that he has previously worked for M1 (the alleged appointed controller and signatory for the Global Collateral Accounts) and that he presently sits in with M1 and also banks.

Wait a minute — there are no elected M1's but only appointed ones in the West. How can this be if he represents the East? It must be remembered even Marcos was appointed but never elected. He was never a real M1 but a nominee for the Dragon Family itself. Many are nominees for the Family, including the Dalai Lama, Nelson Mandela (was), Queen Beatrice and so many more.

According to the Ambassador, in this video at the 4:00 mark, there are many families, and at the top is M1. But above M1 is a council and an entity referred to as the "Supreme Intelligences or Emperor" to which he claims bloodline lineage.

He describes himself as the "alpha to the omega part of the family." When referring to others who are looking to grab money and power, he asserts that he doesn't need to grab because "I can take what I want." Certainly, this reflects a level of arrogance commonly found in "high places" and it's precisely what the elitists have been doing for centuries – taking what they want.

On the other hand, we must doubt everything he says here seeing he has made promises only to claim he has been double-crossed. In his very first mission for the people of the world, he drops the ball and blames Rothschild. Get used to it for this is just the first of many balls being dropped.

How can Rothschild or anyone block him when he claims he is on top of the pyramid and just walks into the bunkers and takes? It is his bloodline that controls the M1 position or even higher. Let's just face the facts and enjoy the ride we are going to take you on. He claims he represents the East, not the West, the ones that attempt to exterminate us with their poisons, vaccines and chemtrails.

Outlining the overall hierarchy of the family he belongs to, the Ambassador mentions the power extending to the Vatican (the "book keepers of the bonds" – war — against the West) who work for the family, with the Pentagon (against the West) being their military arm, BRICS being their political arm and China being another arm.

Such insight points to someone with a good idea of the malevolent tentacles of power that are wrapped around every aspect of our world. They have much of the world, yet it is not enough. Why? We, the People, are scaring them!

This is how it works: The Vatican is the "spiritual" center, City of London is the banking center, and the Pentagon is the military center. We are talking about the WEST. The Ambassador is right in stating the Pentagon is the military arm of the Red Dragon Family — in fact, they are if he is part of the Western Elite, aka the Cabal. Bear in mind that the West built the World Bank, BIS, IMF and the entire financial FED system. Let's return to the Credit Union Banks we used to have — they were and are much safer for all concerned.

Neil: *"The East never refers to the Pentagon as one of their arms, nor do you hear mention of the Vatican in the East."*

In the videos which feature only the Ambassador's voice, he speaks in a calm and gentle tone with his accent reflecting a European education and possibly a faint Singaporean accent. He is particularly well-versed in the academic aspects of "spirituality," as well as the desperate needs of humanity. But for all his enlightened talk and proposed world changes, there's no action.

He claims that the time has come to end 666 (the mark of the devil) and refers to 555 as being some kind of emancipation for the world. However, some numerologists maintain that 555 represents the bringing of "death and destruction, **the rising of the anti-Christ**" ("All cabal know this.").

The Ambassador claims in his videos that the Red Dragon Family has met with the White Dragon Family (Society) numerous times, yet he says that he has never met Ben Fulford. However, Ben Fulford is the spokesperson for the White Dragon Society and begs to differ, stating to Neil that he **has never met or spoken to the Red Dragon Family or the Ambassador, nor have the two sides ever met.**

In his [recent video](#), at the 23:40 mark, the man chosen to be a spokesperson for the Ambassador's Red Dragon movement, Ron Van Dyke, asked about an "Escape Village" because he wasn't aware of it.

Ron was not aware of it, but Dave Schmidt, who had gone to Hong Kong to meet with the alleged Red Dragon Family, was aware of it. Why hadn't he told Ron that this so-called Escape Village existed? Why was Ron excluded from knowing about such a major project? Secrecy appears to be their mode of operation.

The Ambassador explained that Escape Village is an off-the-grid city being built in Asia to house those few specially chosen to implement humanitarian programs. In this grand new world that the Ambassador proposes, surely the multitude of suppressed technologies would be available to the world and all will live in easy abundance. Why would there be any need to live off-the-grid?

While we cannot see his eyes, we can pick up a revealing clue about the Ambassador's character with his profuse use of the word "basically." This would indicate that the speaker does not have a clear idea of what he's saying but wants the listener to believe that he is speaking in basic terms. Basically, it's B.S.

Professing deep religious convictions, is it in the realm of believability that the Ambassador would endorse a world with no structure based upon a religion? Hardly likely. Any one-world religion enforced by the "top of the pyramid" would definitely not be freedom for humanity.

The Overt Symbols

The Ambassador has drawn attention to his "dragon crest," an emblem supposedly representing a Phoenix rising, a symbol that relates to European Black Nobility. It has been fashioned to dramatize and legitimize his Red Dragon "movement." He asserts that this crop circle is a sign, an announcement of the Red Dragon when in fact, over the years **similar circle designs are usually attributed to Mayan influence.**

While the source of crop circles remains highly speculative, this circle is plainly a dramatic contrast to the bird crest. Here is a stunning, intricate and pure-looking crop circle. Next to it, juxtaposed on top of the crop circle is a symbol of Black Nobility and

domination not featured in the real crop circle, note the crown symbol of hierarchy at the top, and also at the center is the legion wreath, **the empirical symbol for the holy Roman empire (keys of the Holy See)**.

It's hardly a bird of beauty, and certainly doesn't inspire visions of some magnificent phoenix rising above the ashes. Some crop circle fans would call this blasphemous; some would call this pedestrian, gothic PR.

Could it be the Black Nobility Black Hen? Some would say it is and when exploring the connections, it appears to be.

Did you listen to the interview with Ron Van Dyke dated Oct. 18 2014, '[Dragon Family Now Owns IMF & Federal Reserve](#)'? At the 18:20 mark, he prompted the alleged Ambassador to state he was the protector for Obama received the Nobel Peace Prize.

"The Ambassador agreed saying yes he was security for Obama, unfortunately"! If so, how could he have stepped down so far and how could Obama or the U.S, allow someone other than Obama's own Secret Service or NATO get so close to him? It is ridiculous to think or believe that the US Government allowed someone not so tightly knit to them to get so close to the World's most powerful man.

If so, then this Ambassador represented the Western Security forces and has nothing to do with the East. This would be like the Chinese allowing their President to have the CIA protect their President. Not going to happen! Note in this [same video](#), at 28:50 mark, the Ambassador admits he is not Chinese! So, what the devil is he and what or who does he represent?

The Red Dragon/Committee of 300 Documents

For those who are not familiar with the [The Committee of 300](#) they are a group allegedly founded by the British aristocracy in 1727 and by many accounts, consists of an international council that organizes and controls world politics, commerce, banking, media, and the military for centralized global efforts.

The Ambassador declares that he wants to dismantle the cabal beast but it's becoming evident that he himself is very much a part of the European cabal beast. Perhaps the most damning evidence of fraud by the Ambassador is found in the "World Bank" document that he displayed in a [recent video](#), at the 14:00 mark. Referring to the document dated February, 2010, this [Page 19](#) document (Reference no: ASBLP – 00001 – 2010) was displayed.

The Ambassador showed you page 19 but why didn't he show you [Page 18](#), where it clearly shows an account for the 'Chinese Red Dragon Family', under the name of 'White Spiritual Boy'? The reason the Ambassador didn't show page 18, is that it would show what is written on the side of document, TVM, TVM-LSM666 aka Tiburcio Villamor Marcos.

Why didn't the Ambassador show us [Page 106](#) on video, where the document has the signature of the Queen and World Bank Group? Note the line above the signatures: "Sealed and Prepared by the Right-Wing Parties of the Committee of 300 on this 4th day of February 2010 at the World Bank Headquarters in Washington, D.C." Acknowledged by ASM:

Also note the absence of a signature under “Acknowledged by ASM.” Now here is where “King” Anthony Santiago Martin, aka ASM, enters this fraud. There has never been a King in the Philippines!

In regard to ASM, the [Page 19](#) shown in the video at the 16:15 mark, the alleged Ambassador tried to explain that ASM is another client — “they get funds, it’s another code for a family member.”

As you will see from ASM’s passport documentation, it is sanctioned by the Committee of 300: “Sealed at the United Nations Headquarters in New York City, USA this 21st day of February, 2007 to be concurred by some or all of Authorities of the Committee of 300.”

This World Bank document, and also the document below, contain headers on each page referencing ASBLP. The ASBLP Group of Companies and the Bank of ASBLP are supposedly Anthony Martin’s companies, and the “Sponsor Authority” on his passport is none other than the Committee of 300.

Is this a real UN Passport or another Slick Willy (Saurin’s nickname in Asia) creation? What one must note is Wilfred Saurin is an ex-CIA star (was fired), is famous as the modern-day Asian Robin Hood. He steals from the elite Banks and he gives to the poor. This World Bank document, and also the document below, contain headers on each page referencing ASBLP. The ASBLP Group of Companies and the Bank of ASBLP are supposedly Anthony Martin’s companies, and the “Sponsor Authority” on his passport is none other than the Committee of 300.

[ASBLP Group of Companies and Bank of ASBLP](#) is listed as one of the Top Financial Organizations of the Committee of 300.

ASBLP Group of Companies and Bank of ASBLP chaired by HM, King **Anthony Santiago Martin** has an Official International Registry no. ASBLP - 120005 - BASBLP - 10 is a mandated Institution in the world that having an extraordinary vision and mission to save mankind from financial trouble.

One of the Core and Top Secret Priority Issues of the Summit of G8 is how to make an arrangement and deal with ASBLP Group of Companies and Bank of ASBLP when late **Pres. Ferdinand Edralin Marcos**, as Confirmed in the Last Will and Testament executed dated December 20, 1985 in the Malacanang Palace, Manila, Philippine Islands, handed over his Full Power of Authority to the Humble King.

There are 6 Fake *Anthony Santiago Martin* are going around the world and in the Malls of Metro Manila to Claim that they're the Genuine Anthony Santiago Martin while the Real One still maintained himself in his Registered Address at no. 133 Rizal St. San Sebastian, Hagonoy, Bulacan.

ASBLP Group of Companies and Bank of ASBLP is one of the Top Financial Organization of [the Committee of 300](#) for having an *Infinite Treasuries* that could save our ailing world from Financial Crisis.

The Filipino People particularly the Hagoenoes (Hagonoy, Bulacan Citizen) are so lucky enough for having a Humble King in replacement of Former and Acting Pres. The People of the Philippine Islands, moreover, are very aware to this information that some are believed and some are dare to oppose.

Since US \$ 700 B Bailout was been rescued by the Emerging Sacrificial Funds of ASBLP and this sacrifice caused as substances of proof that the hidden truth beyond US\$ 110,000,000,000 (One Hundred Ten Billion US Dollar) Payment of the Philippine Credit with Payment Receipt Control no. ASBLP - 0001 dated January 4, 2005 was Officially Confirmed.

Here's the Development Program that wanted to implement by *ASBLP Group of Companies and Bank of ASBLP* that was been Approved by the [Committee of 300](#) and [United Nation Organization](#) as prepared to Implement within the Philippine Islands under the rule of law:

1. Humanitarian Economic Development Program:

- c. Health Care
- d. Annuity Assistance for the Married Mother with children and Senior Citizens.

2. National Economic Development Program:

- a. Infrastructure
- b. Agriculture
- c. Mining
- d. Industry

Aforesaid Programs were recorded in the *United Nation Organization*.

Clearly this second [World Bank document \(Reference no: ASBLP – 0330 – 2012\)](#) supports that the Ambassador is using fake documents belonging to fake “King” Anthony Martin, to claim the funds in the White Spiritual Boy accounts.

In this World Bank document signed in March, 2012, there is a detailed listing for the distribution of funds to countries around the world and also to banks. Note on page 143, there are many more signatures than the first document, the same ASBLP reference on the header, and at the end, a disclaimer about signatures that are “valid with and/or without the acknowledgement by ASM.”

Anthony Santiago Martin (ASM)

Signatory HM, King Anthony Santiago Martin

Code name: C3-AM-01, White Spiritual Boy, Spiritual Wonder Boy, Morning Star and King David.

Passport No. UN – 00191-01 (United Nation Organization xx3794724

Postal Address :133 Rizal St. San Sebastian, Hagonoy, Bulacan 3002, Philippine Island.

It has been alleged that Anthony Santiago Martin was being used by the Committee of 300 to withdraw from the Collateral Accounts. It has further been alleged that these White Spiritual Boy and all related accounts are fictitious.

According to one account, the real Anthony Martin is an Australian who married a Filipina from Hagonoy Bulacan. Apparently, he was given a million pounds to sign documents given to him by President Marcos which declared him the sole heir and signatory to the accounts.

But, the truth behind this fraudulent scam was discovered and the World Court, through the International Court of Justice, ruled that Anthony Martin was not the rightful heir and signatory to the accounts. After his generous benefactors abandoned him, Martin suffered a stroke and is said to now be living again as a pauper in Hagonoy Bulacan.

From this it's deduced that Martin was used as a patsy in the Committee's failed plan, however, it is most interesting that when the bonds were stolen from Akihiko Yamaguchi and Mitsu Watanabee in Chiasso, one "King" Anthony Santiago Martin showed up to make a claim to them.

After being conned by Alan Greenspan, both Yamaguchi and Watanabee were detained at the Chiasso (Italian/Swiss) border and the notes/bonds that they were carrying were taken (stolen) from them. Both men were associated with Neil and he found them to be straight-forward, hard-working individuals who were making strides in helping impoverished nations on behalf of the Dragon Family.

Neil states that the real facts here are that both men were conned by the Italian Government and the Federal Reserve Bank of NY. There never was an arrest, never a trial, and never a judgment. It was all an Italian drama and could have become a soap opera rather than a snow job if the Cabal had not completely controlled the media. The newspaper in Como was owned by Prime Minister Berlusconi's family, and nothing was as it seemed, including the fake 3-1/2-year sentences in abstentia that were allegedly handed down by the Judge.

A check of all 3 Italian databases will reveal that there was never an arrest or judgment according to the Italian Financial Police. In fact, these very notes/bonds that Anthony Martin (and Wilfredo Saurin) attempted to claim were split up after the Italian P2 Lodge

(representing the Italian Government) offered to return them to the Dragon Family for 10% of their value.

The Dragon Family refused their offer because they were holding all of the cards. They knew they could cancel the notes out and then have them re-issued 6 months later at no cost to them. So, the Italian Government (or corporation), turned to their fellow bedmate, the NY Federal Reserve Bank, and received the approval from them to use the notes after splitting them 50/50.

In this case, Yamaguchi, Watanabee and the bonds were all real and it was Prime Minister Berlusconi and other Italian representatives that were the cons. They stole the notes. Neil's team investigated all this and when he found the notes were real, he started to breathe a little easier seeing that his notes were from the same package. The Chiasso incident allowed Neil to move forward with his lawsuit. It would lead to what is known as "[Financial Tyranny](#)."

The theft of the notes was like opening Pandora's Box, and in a large way, it has led to what Neil is doing today and where we are today. Without the theft, we would still be with eyes closed, not knowing what is happening in our lives, who is taking everything and who is controlling our world.

Neil needs no thanks nor does he ever ask for any in his Trillion Dollar Lawsuit case that "ENDS FINANCIAL TYRANNY".

The Committee of 300

"Three hundred men, all of whom know one another, direct the economic destiny of Europe and choose their successors from among themselves." –Walter Rathenau, 1909, founder of the mammoth German General Electric Corporation
Ultimately whether these World Bank documents are legitimate or the signatures authentic, it really matters not — this is all the dictate of the Committee of 300!

The Ambassador can spin his tales, talk about the enlightened way, profess deep religious convictions, and point his fingers at others for their deceit, but the connection to the Committee of 300 does exist.

And the Committee of 300 is a Western organization, which never has and never will assist humanity in any way, shape or form and is always pushing to finalize Agenda 21.

The Committee of 300's agenda is for a one-world government controlled by their own religion/church and their own monetary system. To achieve their goals for the world-wide depopulation of "useless eaters," they employ the use of chemtrails, HAARP, GMOs, transhumanism, vaccines and more.

Their intent is the total destruction and dismantling of our present socio-economic structures to be replaced by their own programs and the destruction of mankind as we know it. The Ambassador keeps mighty important friends it seems, but they are not our friends for sure.

They sit atop the pyramid and work at every angle to achieve their ends, even programs to lull the masses by promising them everything for nothing. But in reality, what they promise is death and enslavement. In fact, an early death for all but 500 million on the planet. "Useless eaters" we are called when in fact there is plenty of food for everyone. The growing populace scares the Elite. The Cabal will not be able to handle it should the people turn on them and their murderous ways.

The promises from this Ambassador's "magical pipe" lead followers to their demise in a most devious way – it leads them right back into accepting a reality that the top of the pyramid dictates (but not for all).

A Western New World Order leads the people off the cliff. Take a look around — you cannot deny they're already attempting to take us down. While the concept of Nesara is enough to make some sing and dance, it now appears that the Ambassador's general proposals are even better than Nesara's. While Nesara only asked for support, his plans call for substantially more than that – follow us.

The Connections

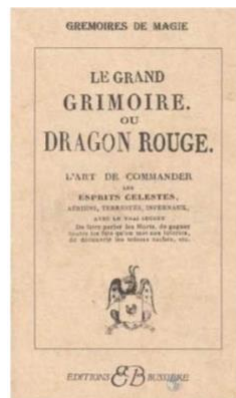

"The greatest trick the Devil ever pulled was convincing the world he didn't exist."

So here we go down a "rabbit hole." In our due diligence to discover what's behind the subterfuge of the Ambassador and the invention of his The Red Dragon Family, we did come across a rather noteworthy connection [between Red Dragon and an entity referred to as the "Black Hen."](#)

The above insignia that the Ambassador has used as a logo for The Red Dragon family is a picture taken from the internet representing the Chinese Year of the Dragon.

" The Grand Grimoire is a book of black magic that claims to have been written in 1522, but may have originated after the 18th century. It is considered to be the most evil and dangerous grimoire in existence. The text has a sinister purpose: the summoning of Lucifer or Lucifuge Rofocale (the demon in charge of the government of Hell) in order to make a Deal with the Devil. It also contains a hierarchy of infernal spirits. But in addition to the summoning of demons, it contains a large number of spells, formulas, and secrets."

" The legend of the Red Dragon is that the manuscript was based on writings by the apocryphal Honorius of Thebes, who many claimed was possessed by Satan. The book is said to contain proof of demonic evocation and occult spells as well as detailing the process whereby newly elected popes slowly turn to the wisdom of Satan."

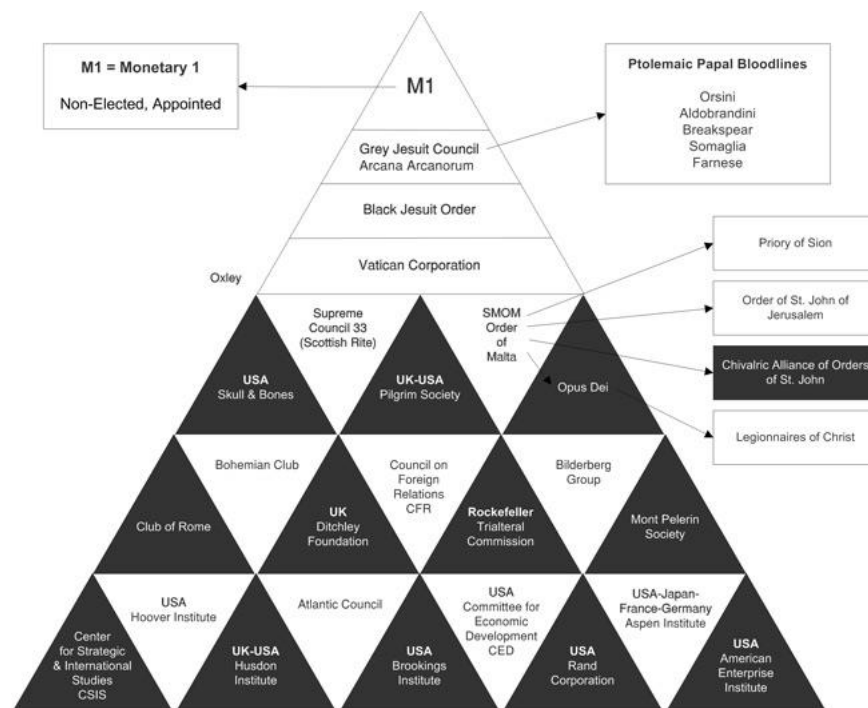

" The 4-part book is owned by the Roman Catholic Church and is kept in the Vatican Secret Archives, where it is unavailable to the public. How do we know it exists? The Church claims official ownership of it." We draw upon logical deductions to point out this connection, however, at this time we don't have the definitive proof that we would like. Despite this, one can easily see the connections between the Red Dragon and Western Black Nobility and when researched as Red Dragon, the Black Hen is always associated with it.

“The Black Hen” is the Black Nobility and symbolizes the entity that IS the top of the pyramid. In the chart below, that would be the Italian Orsini family. While the Ambassador maintains a cloak of secrecy around his persona, it is more likely that he is connected to this Italian family rather than any Chinese family. Or is he tied into any family seeing the Chinese Societies consider the Red Dragon Society/Family renegades?

Taken all together: he professes a bloodline lineage to the top of the pyramid, strong ties with the Committee of 300, his talk of families and their infrastructures, the Vatican being one of family's arms, his association with M1 — the Ambassador is portraying himself as being at the top of the pyramid.

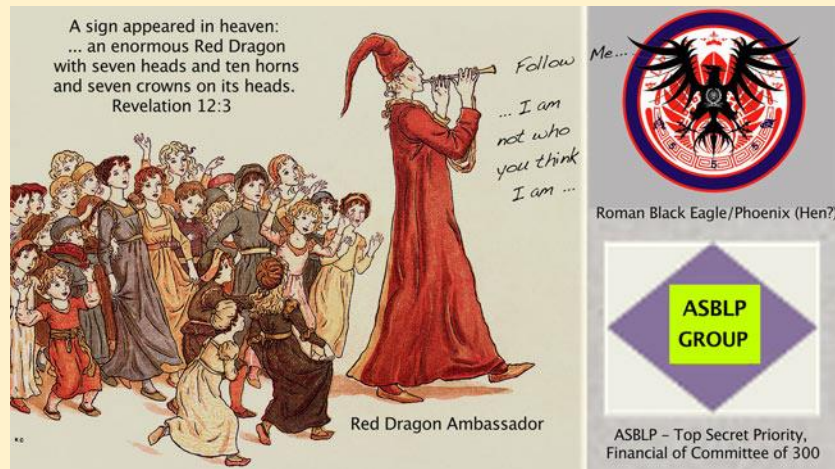

If true, in turn, his connection to this “Black Hen” could be quite probable. But the question has to be asked, that if he can really “take what he wants”, why would a machination like the Red Dragon be necessary? Why are we going through these unnecessary wars and why did they ever allow it to begin, if he can just take what he wants? The answer is obvious — he is always tied into the West and not the East. He wants us to follow him into the abyss. Will you follow him?

If the Ambassador is not who he says he is, not the “alpha to omega,” then it may be a logical supposition that the Orsini family would have something to say to him about what he's doing. If so then the Black Nobility will do our job for us. This is a show we can sit back and watch for once. If he is posing as an elite, would this not draw consequences from those on high? If he is not tied into the Committee of 300, what would or could become of him? Is this why he hides his identity?

Neil Discusses the Ambassador and Marcos/M1

How many times must we fall into our own weaknesses and follow a wolf in sheep's clothing? In my time we had Keith Scott, Removing the Shackles, Anthony Martin aka ASM 'White Spiritual Boy' then OPPT, OITC, Swissindo and now this Red Dragon Ambassador, another 'White Spiritual Boy' – ASM – ASBLP nonsense. We have no more time to fight with impersonators any longer. Our time must be considered precious and used accordingly.

So, who is the Ambassador? Firstly, he is not an Ambassador, just as Anthony Martin is not a King. There never has been a King in the Philippines, and in fact, Martin is on everyone's watch list, as are his witnesses in most cases.

They are entwined together in their hunt to con the system. They point towards the White Dragons and meetings that never took place, the use of the Black Nobilities' logo, and falsified documents amongst many other things. They tie in the Rothschilds', Queen E, the Vatican and Pentagon, as well as the Black Nobility (Count Orsini). They reach out to you and appeal to your needs but never intend on giving you one red cent.

If we keep acting like sheeple, we will never break away from the madness. But for some, they're ready to jump right back into the fire. We must get grounded and fight for what we want. There is no savior of this world. There may be many saviors, but not one. The Ambassador is not one!

Because it all sounds very familiar, my guess is that the Ambassador is Swissindo. How did we come to this conclusion? Swissindo offered the same things to every nation on the face of the earth. The White Spiritual Boy (Anthony Santiago Martin – ASM) does the same. They are definitely tied into the Ambassador, and seeing they are one, look at Swissindo's ties with OPPT (whoever is left of this group are still promoting this "movement"), and understand they brought in their favorite spokesperson Ron Van Dyke to rope everyone back in once again.

Ron seemed uneasy mentioning Schmidt's name during the last video, so one can only wonder what happened in Hong Kong seeing Ron was not included. Ron says the Red Dragon Family brought him in because he is honest, however, Neil says they brought him in because he goes along with the plans as always, and they are all entwined in the same matters.

Did Ron knowingly participate in all this? No, but he did start to once he learned the game (after Schmidt's exposure). This is their problem, not ours, but desperate people do desperate things.

A final point that is seldom mentioned is about Ferdinand Marcos, who made claims to being M1 and assigned his rights to the Accounts to Anthony Martin. Now how could Marcos do this when the rights would never be assignable?

I have seen the Marcos' Will and most likely I can dig it up upon my return to Indonesia. You will see no mention of Anthony Martin. As a matter of fact, I will make that effort to show it to you.

Let's dig a bit further so you can understand what actually happened at that time. Upon Marcos' graduation from New York University Law School, he returned to his native Philippines. He had political dreams and also a family. To attain his political dreams and become President, he was told by Santa Romana that he would have to divorce his wife and walk away from his son, Luis Reyes.

President Ferdinand and Imelda Marcos

One further catch to this was that he would have to marry Imelda. Marcos became President and soon his family was torn apart. After being elected President, he was "appointed" M1. Who appointed him? The creators of the financial system, the West. So, what happened to the East which deposited most of the assets into the Global Accounts?

Not to their favor, the East just sat patiently and watched as their brother nations such as Japan, Taiwan, Singapore, South Korea, etc. tightened all relations with the West — relations they had conspired as early as 1921 (maybe earlier).

How did this help those countries? They rebuilt their nations using the Federal Reserve Notes they issued out before and during the war. The Marshall Plan was nothing more than utilizing the bonds they issued out during the above period. They played with the notes that actually belonged to the East and had no business being in the Western hands.

So, let's get to a main point: Indonesian President Soekarno was elected M1. Marcos was appointed, and anyone who ever sat in the position of M1 since Soekarno has been illegally appointed. So how could it be possible for Marcos to leave the appointment of the M1 title to Anthony Martin when they did not even own the assets/deposits, yet intended these for the sole use by the West?

Anthony Martin—White Spiritual Boy

That time has come and gone. Now not just corporations will have access to these funds but impoverished nations as well. This time we will see humanitarian packages and projects and people walking once again with their heads up. It has already started with a new Eastern financial system being established. It was Neil who screamed for this system more than two years ago and now it is an actually happening. The Monaco Accords started this movement which led to NAM and finally BRICS. All in the best interests of mankind.

But the fight is not over with yet! We have to be ready when they break the walls down, and we must recognize who our enemy is. They will not go without a fight as some say. And the fight is not with our fellow brothers!

There is not much more to say other than that I have heard of and known people in every Dragon Family in Asia, including the head of Plum Blossom, but I have never heard of the Red Dragon Family. They may have been a secret society from the past, brought to life by individuals who just wish to use that name for their own purposes but in fact have nothing to do with them.

Who is the Ambassador? No one we should be concerned about. If he almost got ya, now you have to move on. Stop dancing to music you do not recognize. And remember no one goes scot-free, everyone pays the piper...so be careful what you ask for! You have to ask why would they want to help us? Remember only 500 Million people are to remain alive. Are you going to live locked in slavery until you're wiped off the planet?

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

We will endure and thrive without them and any who are like them. We'll keep the trash out of our house from here on in, and gather our strength. They're trying to kill us, and this is war! We know what their plans are. We must institute our "Agenda 22" first, and extinguish their Agenda 21. And if we do not have an Agenda 22, we need to get one fast.

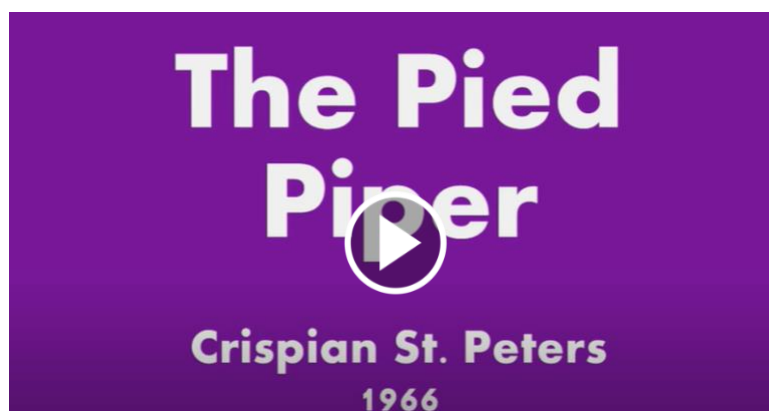

Personal Thanks from Neil:

I want to take this opportunity to thank Benjamin Fulford, David Wilcock, Sterling Seagrave, Stanley, Rich, Attorney Bill Mulligan, Michael Henry Dunn, Inchul, Michael Calhoun, Rob, Chris, Lorraine, Richard, Shirley and thanks to Keith Scott for sharing so much knowledge. NFK Update: Bite The Snakes Before They Bite You

NFK Update: Bite The Snakes Before They Bite You pt 2

Group K would like to present a perspective that many may not have previously considered about Neil and his drive toward changing this upside-down world we live in.

Say you are doing your best, giving it your all, to do something good. Now this good thing could never be achieved by just anyone. It requires great emotional intent, for one thing, and a vast experience with countless ego-personalities from all walks of life — literally the good, the bad and the ugly.

Somehow, a high-powered lawyer, a corporate businessman, a deal-making banker or a “spiritual” guru could simply not be the one to lead the way in achieving this good thing. They may be essential to the successful outcome, but they’re not the ones who can actually lead the way.

So, with the instinct of a fighter, a lifetime of vast experience around the world, a wide scope of inside knowledge about the “Game,” and a crystal-clear vision of what must be changed, you find yourself uniquely qualified and capable of heading up the action to achieve this good thing.

As you progress toward the goals, from every conceivable angle come attacks by psychopaths and criminals, the demented and deranged, murderers, thieves and liars. But the question is; knowing that these creatures all contribute to the very aspects of reality that must be changed, do you make a stand against some but remain silent about the others?

No, this is not the nature of this personality. Being who you are, for this personality, means standing up against all that is not right in the world – the big evils along with the little snipes of annoying parasites.

Being who you are, a strong, outspoken personality driven by action, you no longer tolerate these psychopaths that perpetually get away with murder, nor do you tolerate the lying hypocrites who relentlessly attempt to slander, misalign and cause pointless havoc.

But, even if you're not this kind of personality, ask yourself if you should tolerate this constant barrage of insanity and quietly accept any of it. Is it wise to "feed the beast" in any way by remaining passive and silent? We say no.

Our passivity and silence have been our undoing. It has largely contributed to what we now face — wresting control away from those who choose to keep us unenlightened, unevolved and living from one fear to the next.

Mountains and Mole Hills

And nothing clearly puts these parasites into a more proper perspective than the recent murder of a friend and colleague of Neil's. He was murdered right in front of his own home. Our hearts are heavy for the loss of this honest and honorable man. May he be forever remembered for the good that he did and his friendship of Neil and his family.

Then we have this deeply disturbed, deranged woman, Jean Haines, who's capable of doing anything and everything rather than admit to the public that she has deceived them for a long while now.

Neil: *"Jean, look at what you have become! Who do you surround yourself with? Why do you give in to your insanity?"*

To the "Ambassador": We noted how you coolly handled your response in admitting that you work with European Black Nobility. Sure, you hemmed and hawed, put up the inevitable denials, but we thank you for being so very transparent, as are your inept promoters. You're exposed for what you are and we'll waste no more of our time on any of you.

As for Paul Collin, he's nothing but the latest shameless attention-grabber of the month. It was very revealing that Collin admitted he "did many dirty deeds," and obviously this is just one more.

Living on the street for seven years now, soliciting donations from any site that will post your plea, no friends who will continue to help – it is indeed most unfortunate to see why you would do desperate things like writing shill spin and jumping on the Haines Bus to nowhere.

Maybe it will take being thrown under the bus for you to wake up. One's Nature.

Snake Clan [Indian and Snake Mythology](#)

There's an immortalized story that comes in many versions, however, the underlying moral to the story remains the same. Here's one version from an Old Indian:

Once upon a time, a man was picking up firewood. He came upon a poisonous snake frozen in the snow. He took the snake home and nursed it back to health. One day the snake bit him on the cheek. As he lay dying, he asked the snake, "Why have you done this to me?" And the snake answered, "Look, idiot, you knew I was a snake!"

Unbelievable and Very Scary Anaconda Snake Bite

While it may be difficult to go against one's nature, the inescapable fact remains that we are creatures of intelligence and capable of recognizing right from wrong. Even when logic is short-circuited, we possess the innate ability to differentiate between what is natural and what is not natural.

Good feels good, and bad feels bad. To all those who override what is good and natural, be assured that a rude awakening is coming your way soon. But also know that the choice is always there for a life that has real meaning.

In sharing his ongoing endeavors and thoughts, Neil demonstrates in real-time that he is fighting for all of us. Since we're all in this together, we feel that being aware of the complexities, the tragedies, and the absurdities cannot help but make the victories all the sweeter for every one of us.

And Neil Keenan forges onward, fighting the living monsters that walk amongst us, always unerringly fixed on the change that's a' coming. The forward momentum cannot be stopped now — Neil is on the move once again.

NEIL KEENAN UPDATE | Keenan Unloads On The Bottom Dwellers

March 4, 2015

You Can't Catch A Fish If He Keeps His Mouth Closed

While the "potshots" have kept coming, the time of consequence is now here. Many say "it's about time!" Neil Keenan has kept things under his belt (not literally) for a long time, allowing the laughable parasites to launch their attacks with little or no response from him.

Jean Haines and her Jackals: Scott Pollack and Paul Collins

[Scott Pollack Editor of The Critical Chicago Post: Paul Collins Needs Emergency Help](#)

Jean Haines and her jackals may have enjoyed the short-lived freedom to take shot after shot unabated, but they will now find themselves engulfed in a trap of their own making. The damage that they deluded themselves into thinking they inflicted on Neil may well now result in their very own freedoms being taken from them. The axiom has never been truer: Give 'em enough rope and they hang themselves.

How has Neil responded to their slanderous and libelous efforts?

Legal Complaints have been filed, with at least 8 or more individuals to be named in the Civil Action. The authorities will now do their jobs in dealing with the evident criminal violations. Having crossed the line again and again, Neil will let these would-be detractors deal with the results of their own actions.

They created a plan based upon lies and deceit and now it all comes down full circle on them. It is an understatement to say that Neil has much ongoing vital work to be done on multiple levels. So, he has set in motion this legal action against the ankle-biters and now rightfully leaves the work to the authorities and lawyers.

There's no doubt that Haines and Pollack will have entirely new priorities to deal with from here on out, as will their motley crew. In the meantime, Neil dedicates himself to moving forward steadfastly as always, and for now, The Keenan Team says "bye-bye."

To whom it may concern,

For approximately the past 8 months I have been attacked by one Jean Haines, whom I believe is an illegal resident of Canada as her visa expired long ago. Ms. Haines, together with other individuals, has attempted to discredit not only me personally, but the work that has been done by our group to this date. Ms. Haines was once my associate but our relationship has turned sour.

From the outset, Ms. Haines recorded all our Skype conversations without either my knowledge or consent. It is my understanding that such tape recordings not only violate my privacy but all relevant statutory provisions in the United States and elsewhere, which require two party consent.

Approximately 3 weeks ago I called the RCMP in Kelowna to make them aware of the fact that Ms. Haines was slandering, defaming and outright lying about me on a certain Paper/Video blog, called the Critical Post (Chicago) which is published from Chicago via the internet. The Chicago Critical Post would also selectively cut and paste audio recordings in certain spots in order that anyone listening would only hear certain parts of any particular conversation between Haines and me, but not all of it. The Editor of the CRITICAL POST, Scott Pollack would often interrupt and go off on a defamatory tirade against me. Pollack has described me as a thief, liar, cheat and much more without any substantiation.

Ms. Haines subsequently began releasing statements on her blog that David Wilcock, Benjamin Fulford, Drake Bailey, Michael Dunn and I stole her funds in amounts in excess of THREE HUNDRED THOUSAND USD but this is entirely false. She also claimed that I betrayed her which is also outright defamation! Despite numerous requests to produce any documents, receipts, or any other materials including any contractual arrangements that would substantiate her claims, she allowed that she was in possession of such material but refused to reveal it.

The truth is that there is no documentation to support her libelous statements. When Jean Haines could not get anyone to listen to her, she decided to enlist Scott Pollack from the Chicago Critical Post who then continued to defame me not only by publishing false written statements but also to slander me in his video/audio presentations to his audience.

Pollack has released post after post claiming that Haines has sent him 4 discs of recordings of the two of us talking. As stated, from the very beginning Jean Haines has illegally recorded our conversations without my consent and now she has released them for posting. Mr. Pollack has stated that since I am a public figure, I cannot complain about my privacy being violated. However, Mr. Pollack does not state or admit to the audience that he is sharing illegally recorded Skype conversations between me and Jean Haines.

On the other hand he ridicules the Chicago Attorney Generals' Office (see below) when he allegedly makes contact with the States Attorneys' Offices and recorded such conversations, again, without two party consent, in order that the public would hear what was said. He was bold enough to state that he did not care what anyone thought and was going to release the tapes...

It is clear that the AG's office had no knowledge they were being recorded – and that such conversations were released on his public video post. This was in violation of the Illinois privacy laws.

Special Notice to both Canadian and State Attorney Generals' Offices: I furthermore request that all recordings, discs and or videos under either Mr. Pollack's or Ms. Haines' control all be turned over to me. They have illegally used them for their purported gains that is to establish a platform for themselves when in fact they have committed crimes utilizing unauthorized and illegal recordings in violation of the law.

Mr. Pollack goes forward stating that Neil being a public figure how can he complain about his privacy is being violated. (But in fact, Mr. Pollack doesn't state or say to the audience that he is sharing illegally recorded skype conversations between Jean Haines and Neil Keenan – that Neil never agreed to or knew his conversations were being recorded by Jean Haines.

Further to this matter, the following email was sent to Pollack – which he conveniently ignored. It was later posted on Facebook with the following comment:

FROM NEIL KEENAN: TO THE IDIOTS THAT ARE PAID TO RUN INTERFERENCE

Scott “Drunkey” Pollack repeatedly begs – in his rants – for the people that he believes he is ‘outing’ to call him at his Muppet “news desk”.

The following email was sent to Pollack via the publicly listed email contact address:
bsidler@thecritical-post.com

For someone who so desperately begs a response from Neil, (and the others that he is paid to target in his ongoing defamation attempts, with a number of clear breaches of

the law to boot) he provided no response to the following email that was sent on Fri, 17 Apr 2015 00:48:09 +1200

"Mr. Pollack & Associates,

None of the people whom you have requested to call you will be doing any such thing and so your request to use them as a platform is denied.

If you think you are going to be able to establish any credibility by way of eliciting a response in such a manner, then you are misguided.

You are not recognized.

Mr. Keenan calls you a dwarf. He actually wants to know which one of the Seven Dwarves you are? Sometimes he thinks you're Dopey. Sometimes he thinks you are the 8th Dwarf.

Yes, there is an 8th Dwarf Mr. Pollack and he is Drunkey; and he was named just for you. An alcoholic dwarf, just what we need.

Some clarifications clearly need to be made here for your benefit, as the fundamentals appear to have escaped yourself and your crack team.

It is illegal in the State of Illinois to record a conversation without the consent of both (all and any) parties involved.

That is the law.

You telephoned the public call center at the office of the Attorney General of Illinois for legal advice. You spoke with someone who did state that they could not definitively answer your questions; yet you point to such an unqualified response as evidence as if it supports your position.

In a move of dramatically inept proportions you continue on a line of reasoning based upon a tentative reply from an unqualified spokesperson; when you should be well aware that it is illegal to do what you did in the first instance, by recording a call without consent within the state of Illinois.

The person with whom you spoke with most recently offered to put you in touch with their superior but you declined to speak with that person – someone that would have been more suitable in terms of addressing your queries.

In just how much more of a poorly thought-out and lackadaisical manner are you capable of conducting yourself?

We can assure you that you are speaking with people at the opposite end of the spectrum than Neil is in this matter, some of whom he personally knows. Similarly, you have no idea what you are speaking about in relation to the internet audience reach data for neilkeenan.com

For your edification, neilkeenan.com receives a consistent monthly average of 50,000-page views, enjoying an ongoing upward trend which includes large spikes in visitor traffic as new articles are published. Our databases continue to grow by the same measure.

Accurate visitor and page view figures are only obtainable for a website by way of access as a website administrator, as you should also be aware.

Third party statistics derived by any other means can only ever be estimated externally and are therefore inaccurate by their very nature. Systems such as Alexa can only draw figures from a limited number of web users who happen to have their software installed, which in the case of Alexa is under 0.02% of all internet users globally.

We have IT specialists who confirm that, even if you are not fabricating what you claim – any website traffic statistics that come from anywhere other than the server that hosts the website, or an installed service such as Google Analytics, must inherently be incomplete – and as such a flawed representation of internet audience reach data.

Just so you know. Be advised, most certainly neither yourself nor any of your cohorts are playing with all of the pieces Mr. Pollack – for if you were, then whatever you are being paid to implement your campaign of disinformation will certainly not be worth it as events play out in full. The term “egg-on-one’s-face” will barely come close in terms of humiliation for you and yours.

You would be well advised to consider searching once again for that rock from under which you emerged.

MORE MIND GAMES AND DECEPTION: WHO IS SCOTT POLLACK?

We are our own parasites, and yet we think we are ready for mass landings? Hell, we can't even talk to each other let alone with some higher dimensional beings. Nobody in their right mind would even want to land on this planet, we are barbarians at best, killing each other over fiat money, fake paper, false religions and we think we are so smart and advanced, so Mr. Pollack, whoever you are, to me you're just another pimple picker.

NEIL KEENAN UPDATE | Moving On Up

March 13, 2015

NFK Update: Moving On Up pt 1

With one exciting chapter after another, this in-earnest battle continues well into its sixth year now. It is a matter of who is in control.

To date the Cabal still controls. But not for long! The tables are turning. Once Neil gets to Asia, the fights with the Western Central Banks will escalate, and there will be those who'll inevitably merge into Group K; together we will stand against the Cabal.

The same relates to the Governments on the fringes of leaving the European Union. They can take a good hard look, then possibly everyone can unite with the assistance of the Dragon Family and Group K. The West is just a stone's throw from the East in this matter.

Do not expect a Jubilee. There will be no debt forgiveness despite what anyone thinks. The West may wish forgiveness but there will not be any coming. On the other hand, what really might be arriving is the Iraqi Dinar being placed along with the Vietnamese Dong, Indonesian Rupiah, and other currencies in the first basket of revaluation.

After so much talk of Dinars, it might finally happen. Neil states: "If so, I am happy for everyone that the Dinar is finally being thought of as it should have been many years ago."

What brought us to this place? The new Eastern financial concerns along with Russia's abuse of the US-paper Petro dollar (and its imminent demise), have all moved us into a new age. And a much safer age once it gets rolling.

As it stands, we are looking at confrontation. As long as the West continues to desperately grasp onto the defunct Bretton Woods Agreement, they will continue to be the problem. This Agreement allows the West to continue to illegally use the East's deposits in the Global Accounts, something the East will no longer tolerate.

The hard assets are located in the East and have nothing to do with the World Bank or the IMF or BIS or any Central Banks. It is owned by the Depositors.

At one time the Depositors, who were thinking “Global,” deposited the funds for humanitarian purposes, only to find that no sooner than the ink dried on the Agreement, the West employed full-blown theft.

The Bretton Wood Agreement is Null and Void and has been from the day it was created. This outright larceny has continued for many years, but now the East will handle their own funds, have their own banking, have their own IMF, World Bank, UN building, and much more.

In other words, the West is gone for good, and should they attempt to continue stealing the assets, it will be obvious for all the world to see – there will be no need to look any further than at very ones who attempt to renew their criminal activity.

The Next Level

Every one of us realizes we are being listened to and closely watched. But this Fight is all that really matters. We know how to win, and win we will. However, we do know they have many more tools and weapons than us, and in many ways, it has kept us in a “hold” pattern.

They control the banks, the police, the military and every single thing we put our hands on. Believe it! And this is why we must be careful with how we approach everything, particularly from this time onward.

We are no longer exposing the scams of the OPPT, Red Dragon “Ambassador,” etc. We have reached another level of fighting, one where ALL is at stake, where assassinations happen, accidents are not accidents, and money disappears and no one knows where it went. At the level we’re at, major, earth-changing wins and losses are at hand, and it means everything to each and every one of us (including them). Yes, it all equates to our very survival!

The delays are their creation. They can push many buttons and tear our hearts out, but we must and will push on. There is only one option and that is to WIN! Dropping out is not an option for Group K/The Keenan Team. We have exposed the battle and thrive on action at the front. We will never relinquish our position.

So, we are moving on up in this Eastern financial battle. Yes, we are surely up to our necks in it, but believe us, we are steps ahead at this time. Still we are fully aware of the need to move much faster in getting to our goals that have waited for us for three months now.

Just think: moving on up to the East side. Nice place to be when all is said and done. See you there.

NEIL KEENAN UPDATE | The Black Book Is Available!

March 30, 2015

[Neil Keenan Update: Black Book Is Available!](#)

BLACK BOOK

The 'Holy Grail' of the Financial World

Worldwide Alert: Neil Is Pissed Off and Is Releasing His Weapons

During the past three months I have felt the sting of my money being stolen, my bank accounts being wiped out on New Year's Eve, my friend being killed while attempting to help us, and another friend who survived a car accident — all of it orchestrated by the Cabal.

I finally heard word tonight that "they" do not want any foreign country helping us. So, guess what? It is time to fight back with all we've got. Time to exact revenge. Time to completely exploit every one of their weaknesses. So here we go, ladies and gentlemen! Payback is a bitch. We may be small but we are a force to be reckoned with.

I am reluctantly giving up possession of the Black Book, aka Book of Codes. It will go to the one I believe is best suited to handle it. I have been watching over the Book, taking care of it, but in dealing with the Global Accounts, I have had little time to use this "lethal weapon" to the world's maximum advantage.

Let me be clear here. With the Book(s) in hand, the Greek Government would never have to worry about the European Union's absurd demand for repayment. They would be holding the Book that exposes the EC (European Commission) for providing the entire EU (European Union) with nothing but blank paper. Yet they expect to be paid back. So, are we to give them back paper of no value whatsoever? So long EU!

Imagine

On the other hand, imagine the damage that the Russians could wreak on the West if they had the Book, this “Financial Holy Grail,” in their hands. They would be able to expose the unrestrained, unlimited frauds that the West has perpetrated against its own people!

Imagine the damages they would be forced to pay to the very people that they have kept enslaved for so many long years. But whoever receives this Book will have to be extremely careful with it — it can be deadly as well as generous.

*Imagine what this Book means and the vast consequences that it will have around the globe. The Book spells out **everything**: there will be no more disputes over the accounts! And the World Bank will finally be seen for what it is and that it has absolutely nothing to do with the Collateral Accounts.*

King Anthony Santiago Martin (ASM)

The Book would also reveal that the Spiritual White Boy, King Anthony Santiago Martin (ASM) as we know him, died in 1985 (God rest his soul). His death was three years prior to Ferdinand Marcos' death in 1988. The one now known as Anthony Santiago Martin arrived in 1993 from a Thai village.

He is certainly no King Anthony. He was put into place by an alphabet agency, and, along with four others, was meant to impersonate the deceased King Anthony. The accounts are indeed large, but ... the King is no longer.

This imposter ASM admits he was offered money yet he also claims never to have received any. If you believe this one, wait until you hear him twist another lie. He even claims he was set up for the purpose of gaining unauthorized access to the ASM accounts. Now that makes sense seeing the West believes they own accounts that do not belong to them. In fact, this play-actor Anthony Santiago Martin actually states that he was only a signatory and nothing more.

Getting Back in Focus

There is much that we have been facing and when we honestly assess our forces, we see that we can handle the Global Accounts or the Book, but not both at the same time. Our team can handle 8 or 9 deals simultaneously, but the magnitude of what we face is tremendous and we need help. But we have the perfect ammunition that another could use to do a bang-up job against those who plan to destroy us. This will give us double bang for the punch, and maybe just enough to push us over the hump to a spot called safety.

So, this is for you, the people who supported us, have laughed with us, and sometimes felt for us. Now we return your support and faith in us, and we hope we are soon done. The “Financial Holy Grail” is now on its way to global exposure. With this breakthrough action, we are pushing them hard from all angles. Together with the new AIIB, BRICS, etc., we will all make a very nice harmony.

For any and all interested in the Black Book please contact us at: contact@neilkeenan.com

Shit is about to happen so put your hats on – nasty to wash out you know!

All the best.

NEIL KEENAN UPDATE | Urgent Update Regarding The German Jet Crash

April 2, 2015

- Sources report US/NATO jets were in the immediate vicinity of the jet prior to the crash.
- Evidence tampering: False reports were sent to NYT (New York Times) regarding the cockpit crisis.
- Genuine Black Box found: Press Conference underway today in Marseille.
- Potential Crisis in NATO Alliance – Is Europe finally fed up with Cabal warmongering?

I received information from my French Intel source (top of the intel chain). I have been asked to report to the public immediately what actually happened to the German A320 Airbus flight 4U 9525 from Barcelona to Dusseldorf.

The crash occurred at NATO training during which they were using a secret weapons beam from the US Air Force Defense's ["High Energy Laser Area" \(HELLADS\)](#) at their military base at Aviano, Italy.

In the plane sat two US radar systems experts from the Pentagon. At the same time, CERN (The European Organization for Nuclear Research) had a power shut down. This is why the FBI has taken over the inquiry. President Obama is aware of the danger that this secret weapon creates for commercial aircrafts.

The report states that two jets were seen right before and during the crash and that the beam which came from these two aircraft is being investigated.

Today the flight data record from the second black box was discovered under the soil and in quite bad condition because of the explosion. Although burnt, they do expect to recover the data.

The journalists were presented with the pictures, and there was a model-type of the box that was presented for demonstration purposes because the BEA are now investigating the real box.

According to senior sources in European intelligence, the CVR cockpit voice recorder, which is pointing the finger of blame at a depressed and suicidal co-pilot, was transmitted by the BEA to the NYT prior to French investigators' arrival at the scene to collect evidence for determining the cause of the crash.

The mass media are carrying out the same old script propaganda on the co-pilot's life, insisting that this was an act of suicide. In fact, the one pilot who was interviewed stated that the co-pilot was absolutely fine when he had flown with him a month earlier. As usual, the mass media's story does not make any sense.

The apparent planting of false evidence seems to have been bungled in this case, leading to strong speculation that a possible rupture may occur in the NATO alliance should this information become public.

In the wake of these developments, on March 31, 2015 the SNPF (pilots' association) made a claim against X to demonstrate to the courts how the evidence had been tampered with in an attempt to deceive not only the world but the Paris Court itself.

Press Conference Underway

There is a press conference at 6 PM today in Marseille, France. The second black safety box found on the crash site contains all details regarding flight data inside the cockpit. This direct evidence may well contradict the official story, giving rise to an explosive revelation should the allegations be borne out as true. Public pressure on France to tear itself from NATO may well build, along with demands from the Italian public to close the NATO military base in Aviano, Italy.

When do we say enough is enough?

UPDATED: PART 2

The 6 PM conference in Marseilles just finished and here is what was said by French Intel: No editing no nothing – just as received.

"I just saw the press conference. The Flight Data record 2nd box was discovered under the soil today in quite bad conditions because of the explosion (it has been burnt, but they expect to recover the data) The journalists were presented with the pictures and had a model type presented instead because the BEA is now going to investigate) – That's all being said.

There are no conclusions drawn by Mr. Robin (French prosecutor of Marseille) – I saw again that the mass media are carrying out the same script propaganda on the co-pilot's life insisting on suicide etc. Despite that one pilot interviewed who said he was absolutely okay when he flown with him 1 month earlier.

It does not make sense. Time will tell, normally the BEA takes 2 years to draw conclusions with experts of all kind..."

I wish you all well and feel pretty bad about all this.

NEIL KEENAN UPDATE | Asian Invasion Begins

April 19, 2015

The World Economic Forum Meets in Indonesia

NFK Update: Asian Invasion Begins

How long have we spoken of how the East has to separate itself from the West? Finally, they begin to do just that.

We have been right on the money for years regarding such a separation, but one always has to keep a close eye on their own people and nations. The West knows we have to keep our eyes wide open on those who have previously invaded and temporarily taken our nation from us.

The Western Hemisphere is in a free-fall. The secret societies are exposed and they realize they must get out of Dodge before it is too late.

They are falling apart little by little, and the Global Elite are leaving America as fast as they can.

More and more people are moving to places like Costa Rica and New Zealand, but I believe that there is no place remote enough to evade our "long arms." They are relocating simply because they are being soundly beat. Yes, they still have the wherewithal of causing much damage, but this was to be expected from the very beginning.

To believe that a jubilee is possible with the Cabal still making decisions on how the world will be run, who owns assets and who doesn't, is ridiculous! Why don't we all just split up the assets belonging to China and Russia and say that this is all grand?

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The Cabal/Global Elite are losing, folks. They are moving around looking for new places to hang their hats. [Most recently the "World Economic Forum" \(aka Davos\) set up an Asian Conference in Jakarta, Indonesia.](#)

Yes, they said they would bring their international investments with them. Of course, this means that Indonesia will soon be subject to take-over, as has happened to every country that they have ever invaded.

But don't count on it quite yet. We understand we must rid ourselves of them once and for all. As they planned for us, we now must plan for them. We no longer need them on our planet. This is not their planet! This is our planet! We must stop them from changing locations because they will always remain a threat. We must finish this Now!

Indonesia does not warrant this, but there are a few who can be bought, and one major corrupt company is the [Lippos Group](#). They will soon have Monsanto and tainted pharmaceuticals.

Add to this the alarming acceleration of burning large areas of Indonesian forests to make way for illegal palm-oil tree plantations. Indonesia is being decimated on every front in these psychopaths' agenda to achieve worldwide depopulation.

In other words, the people of Indonesia are doomed and this is just the beginning. They have many disguises and many names but let's just use this one:

The World Economic Forum (WEF) – they are the Bilderbergs, Committee of 300, Club of Rome, Hidden Hand, etc. There is no other way to put it: they are evil personified! A strong critic of the World Economic Forum (WEF) is Noam Chomsky who reminds us that the WEF came up with the term "globalization" as a propaganda cover for favoring the interests of central bankers and investors over the needs of humanity.

Professor Emeritus at MIT, Noam Chomsky is an American linguist and outspoken intellectual who points out “globalization” as it is used with WEF’s trade policies:

“The dominant propaganda systems have appropriated the term ‘globalization’ to refer to the specific version of international economic integration that they favor, which privileges the rights of investors and lenders, those of people being incidental.

In accord with this usage, those who favor a different form of international integration, which privileges the rights of human beings, become ‘anti-globalist.’ This is simply vulgar propaganda, like the term ‘anti-Soviet’ used by the most disgusting commissars to refer to dissidents. It is not only vulgar, but idiotic. Take the World Social Forum, called ‘anti-globalization’ in the propaganda system—which happens to include the media, the educated classes, etc., with rare exceptions.

The WSF is a paradigm example of globalization. It is a gathering of huge numbers of people from all over the world, from just about every corner of life one can think of, apart from the extremely narrow highly privileged elites who meet at the competing World Economic Forum, and are called ‘pro-globalization’ by the propaganda system.

An observer watching this farce from Mars would collapse in hysterical laughter at the antics of the educated classes.”

We are pushing them out of our hemisphere and now we need to keep them out of Asia. We must eradicate them once and for all.

This is our job – to rid the world of these insane creatures who believe they are elite, who believe that they deserve to control the planet and who believe that there is no place for the common man except as a slave.

WE must take back our planet.

NEIL KEENAN

Taking Indonesia's economy to the next level

PS: Please be aware that I have not been able to fly to Indonesia with my team for the interview. Unbeknownst to me our usual airline flights have been cancelled on Thursdays, Fridays and Saturdays; thereby requiring the Interview to be re-scheduled for my arrival in the very near future.

I hate like hell to miss out on this opportunity to confront the World Economic Forum (WEF) on what I consider to be home turf but after discussing the problem with many Family members we all came to the same conclusion, that being; let the WEF continue with their conference, let them talk and let them make mistakes – and then attack them with their own mistakes.

I have also been advised to send the video statement above to President Jokowi of Indonesia, Television Network Metro in Indonesia and The Jakarta Globe – so they also may pursue this matter before I arrive.

My interview will be arranged upon my arrival, but I will have an opportunity to listen to the WEF and what was said at their conferences. All the best and do not despair; many of them will still be there upon my arrival and will feel our wrath.

Pete Santilli (The Guerilla Media Network (GMN), “The alternative to the alternative media” is a leading internet radio broadcaster who has been following Neil Keenan’s mission and developments for well over three years.

In this interview which spans nearly three hours, Pete firstly describes in his own terms, how he has independently researched and vetted Neil’s work and accomplishments.

Beyond Pete Santilli’s introduction, the interview continues into discussions covering many topics with Neil Keenan and his close associates, Chris Brosnahan (a high-level international banking specialist) and Donavan Darcy (an expert in business financial services including commodities and currency trading) of the Keenan Team, Group K, Ltd.

This discourse provides a concise yet comprehensive introduction for those who are new to matters relating to the Global Collateral Accounts, and Neil Keenan’s tireless work towards making these accounts available for humanitarian purposes.

Because humanitarian purposes were the original intention in terms of the establishment of the Global Collateral Accounts, these accounts were co-opted and stolen from by the dark cabal in order to forward their plans toward establishing their “New World Order.”

The following interview covers key points of interest for anyone who would like to understand details of what the international cabal-controlled banking system has done to the people of the world over the past 75+ years.

Regardless as to whether an audience member might be new to this material or a well-seasoned researcher, this is a power-packed, groundbreaking show with something of interest for everyone.

In this episode of The Pete Santilli Show Special Guests: Neil Keenan with Chris Brosnahan & Donavan Darcy

About Neil Keenan: Neil Keenan is an international businessman and “world patriot.” In his lifetime of endeavors, Keenan has been in contact with the full scope of world personalities from heads-of-state to family “Elders” to cabal criminals. His vast experience combined with his nature as a fighter make Neil Keenan uniquely and ideally suited for his ongoing work in helping to free humanity from cabal enslavement.

Keenan initially became involved with the Dragon Family, a group of wealthy Asian families, when he was chosen by them to be their principal in dealing with projects and platforms and protector of the accounts which 85% belong to the family.

In 2009 Neil Keenan was entrusted by the Dragon Family with financial notes and bonds whose present-day value is over \$1 trillion. This portion of the Dragon Family's accumulated wealth was registered in the Federal Reserve system and exchanged for notes and bonds. To determine that his intent was pure, Keenan underwent an ancient ceremony conducted by Indonesian "Elders."

In November of 2011 Keenan initiated a lawsuit to get back the stolen bonds, among other charges. He filed this unprecedented Trillion-dollar Lawsuit in US District Court in Manhattan, NY, naming defendants such as Daniel Dal Bosco, the OITC, the Italian Republic and its Financial Police, and Ban Ki moon (the UN), among others. The 111-page federal complaint details those involved in stealing the \$1.1 Trillion that is intended for humanitarian purposes. Other conspirators named in the complaint include the Vatican, the Masons and the Federal Reserve Board.

This lawsuit became recognized worldwide as the case that will break the Western Financial Mafias hold on society. Keenan is presently working to return to Indonesia to make the final push for substantial access to the bunkers and the opening of the Global Accounts. His efforts have been stalled by the cabal's criminal tactics: they have "disappeared" Keenan's bank accounts, murdered a good friend who was providing help, and attempted to kill another associate with a car "accident and even demanded a country not deal with Neil."

About Chris Brosnahan: Chris Brosnahan has been a top banker level 14 for 26 years and has worked for 5 of the biggest banks in the world for the last 10 years. He has built a clientele of a number of super rich who he looks after. He has worked with Neil Keenan for the last 5 years and has travelled with him to Indonesia and met all the people he deals with and has decided to toss all his marbles into the Global Account venture Neil has created to release the world from being enslaved any further. He has been in Indonesia and seen most of it, and he sincerely believes if anyone is going to assist mankind it is the Group K. He has a great interest in financial politics and one of his hobbies is to study financial history from the past. Chris has been married for 26 years and he has 2 beautiful daughters.

About Donovan Darcy: Donovan Darcy has Worked in the field of financial services 35+ years. Over the years, he has held 5 different SEC/FINRA licenses as well as Estate Planning certifications of CLU, ChFC and CSA. He traded currencies on the FOREX. He has spent time in Africa and Europe trading commodities with third world governments. After listening to Neil's video post for several months he realized that Neil Keenan might be able to use his skill set and offered Neil Keenan his services.

NEIL KEENAN UPDATE | Is There Trouble In Jakarta? Neil Keenan Missing?

May 30, 2015

A funny thing happened on the way to the Forum last evening... I was alerted to the presence of some possible problems for Neil in Jakarta.

According to those that were present, it appears that he came face to face with some Mercenaries when he went to visit an Elder in the jungle. The vehicle outside of the house had some faux military markings on it, while a smattering of these same markings was spotted on his person.

It was assumed by all that this attempt at deception was to give the Elder's family, associates and neighbors the implication that he really was somebody, other than who he really was. Neil implied that he was one of George Soros' goons. I have had some conversations with Neil in the past concerning Soros and the opinion held by many is that he is afraid of Neil.

We had heard that over the past years that the use of Merc's in what is believed by the Cabal to be valuable landscape has been rather commonplace. In fact, the word on the "grapevine" was that there were many such stakeouts going on at this time across the Indonesian landscape.

To me, the amazing part of that scenario seems to be the GPS that George gave his goons to locate the assets of the Global Accounts appears to be broken. Due to the fact that the Merc's have not been airlifting boxes of assets from the supposedly valuable landscape, there just can't be any other explanation.

Oh, maybe just a minute... maybe there can be another argument made for the ineffectiveness. And that would be the IQ levels of the humanoids that George has given the task of operating the GPS "thingies," simply are too low to execute. But whatever the case may be, the Merc that was at the Elder's home was just sitting on his butt doing nothing. Of course, Neil could not let an opportunity like that go by, as the story goes. He attempted to engage the Merc in conversation with his usual light hearted prankster rap but the man had little to say.

The only sound that came from his mouth was an order for everyone to pose for a picture. But this is where the quick thinking of the Indonesian native Nelu proved invaluable. He was in control of the only camera in the room. Before he handed it to the big guy, he set the camera so that the next picture snapped would vanish in 90 minutes. I would assume that he had some explaining to do to HQ when he discovered that the picture he snapped was not in the camera.

This guy was having a bad day in regard to his future job opportunities. His updated resume will now have to include the fact the Elder had "left the building" and was nowhere to be found and the picture that he took of the people he was sent to keep away from the Elder had vanished. Oh well, maybe Blackwater can use him in the Ukraine.

In regards to the Cabal and Neil's little squabble, let's look at some facts. There have been multiple assassination attempts on Neil's life over the past several years of which the success ratio is hovering somewhere south of .001%.

The assets of the Global Accounts remain intact. He is the only non-Asian to ever enter a bunker. The ability of the Cabal to mirror the accounts at the UBS in Switzerland has been reduced to a number that is causing some serious liquidity problems for the Khazarian Mafia Banksters. (Lookout George... you may be called upon to make a serious grant to the cause!)

I suppose that I should be more concerned about Neil's whereabouts being a mystery at the moment, as I had been sent a little bit of information concerning a future event involving a car bomb. But it always seems that when weighing the facts against the probabilities of Neil losing the battle against the "bad guys," I have found that there just might be something else at play here. Could there be some invisible forces that may have tilted the point spread in one direction or the other?

I can't point to anything definitive on this point, but I would recommend that you call your Bookie and place whatever you can afford on "Neil and the Global Accounts -6", as I feel quite certain they will cover the spread.

NFK Update: As Many as It Takes To Win

Neil Keenan Playing Hide and Seek with The Merc's

The Temptations - Ball of Confusion

Ball of Confusion (That's What the World Is Today)

It seems like it has been going on forever, and as it relates to us, that is a certainty. But now, we finally have our heads out of the water and clearly realize who has been hurting us and our families for who knows how long.

And believe me when I tell you that a sick feeling arises in the pit of your stomach when you see such a twisted, sick distorted group of people who for some reason have earned the name "ELITISTS".

Take a good look at who we have designated as Elitists, and then take a second to think about the HAARP weather attacks, the GMO food contamination, the toxins that you are breathing from the constant spraying of the Chem-trails, the Fiat money system that has enslaved us all into an unpayable debt and last, all of the millions of dead people as a result of many, many wars.

Then you will see how we have allowed this to happen, as did our ancestors. It is not new and it has been passed down from generation to generation. Does this make you mad, angry – if not, you haven't connected the dots. But due to the new Gutenberg Press, the internet, these horrible people have been exposed and more and more people are finding out what they are up to.

To the point that they are now trying to save themselves.

We have a Pope who actually is not a Pope. He is not Catholic and has no right to bless us. He is even going to tell us there is only one God and that it is not ours nor theirs either. He is going to tell us the NWO or GLOBALIST is our God. Now remember he is not our Pope and he is not their Pope. He is not anyone's Pope.

So do not pay attention to either him or the sky shows (the Blue Beam Project – please Google) that will be coming to your skies soon. For those of you who do not understand what the Blue Beam Project is, you will be scared beyond belief. But for the educated, you will understand what is happening. Please try and educate your friends.

I apologize for taking so long to get back to you, but I am not in control of everything and have to depend upon others to get things ready on their side.

We are close to where we need to be, but still need a bit more time. Remember that we are fighting with sticks and they are fighting with weapons. We need to be careful or all our efforts will have been made in vain. They are still formidable foes, as they have the

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

financing to hire the Mercenaries needed to destroy us. Little by little, step by step – we will reach our destination. We have said this from the start.

I must congratulate all of you for helping us in getting it this far. It has been a horrible ride and the awakening has been a real bitch. The question now is where do we go from here?

Do we allow them to continue forward and retake everything we have taken from them (which rightfully belongs to us)? I scream “No”, we need to recognize who our politicians really are and put pressure on them to do the job that they were elected to do.

We need to neutralize their votes, seeing they no longer represent WE THE PEOPLE and have clearly demonstrated, both Democrats and Republicans alike, want a Fascist State. One in which they have world-wide control.

It is up to us, the people, to take care of this matter. Once it is taken care of our lives will get better quickly. Our New Government, not a corporate government, will be for We the People and we will get along nicely with the rest of the world, as it should be. Then finally we can all lay our heads in rest, and peace will permeate our thoughts.

This is the DREAM that should control our thoughts and our entire being, knowing that if we do our jobs, victory will be ours. Group K and myself wish you all the best and pray that we lose little and gain everything.

Our FREEDOM and our SOVEREIGNTY is at stake – ours to RIGHTFULLY CLAIM! So, all Roads do not lead to Rome! Some lead to We the People.

NEIL KEENAN UPDATE | The Red Dragon's Sweet Talking Ambassador – Still Doesn't Tell The Truth (Part 2)

July 8, 2015

Firstly, we'd like to let our readers know that Neil is safe and sound and presently forging ahead full speed with all that needs to get done for the release of the Global Collateral Accounts.

We thank all of you for your concern and good wishes, and for remaining steadfast in focusing on what we want rather than on what we do not want.

The Ambassador's Identity is Revealed

Although in our [original article exposing the Red Dragon "Ambassador" for what he really is](#), we stated our intent was not to give his con game any more of our time. However, additional discoveries about him have now come to light which are simply too critical to remain silent about.

We apologize for taking so long to post this Part 2. The delay has been due to much more important and pressing events at hand.

So right up front, here it is: the sweet-talking Ambassador of the imaginary Asian Red Dragon Family is none other than **Bo Mikael Lindstrom**, son of **Diplomat Mikael Lindstrom**, Sweden's former Ambassador to China (until 2010), Japan (until 2006), Indonesia (until 1998).

An easy way to confirm their connection is by going through [Bo Mikael Lindstrom's](#) LinkedIn profile, where on the right side it shows "People Also Viewed", Click on **Jan-Mikael Vilheim Lindstrom** (most likely an older brother, a family member for sure).

Then again where it shows "People Also Viewed", Click on **Mikael Lindstrom**. Bo Mikael for sure didn't want anyone to see his direct connection but Voila, he does reveal his connection with his father, through his brother. Pictures of them side by side you'll clearly see Bo Mikael's resemblance to his father.

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

As a diplomatic Ambassador's son, travel with his father to Asian countries would have provided a fertile background for Bo Mikael's present endeavors. Apparently, to fulfill some childhood dream of "super-hero" importance and to emulate his father's diplomatic status, Bo Mikael Lindstrom simply appointed himself Ambassador to a fake Asian Dragon Family.

But that wasn't enough. Now Lindstrom has pumped up his phony persona with a new venture under the cover of a charity for world peace. He's even come up with a grand name for this newest fabrication, calling it "True Vision of Peace". While the name certainly sounds quite altruistic, it needs to be clear that it is nothing other than a charity front intended to fleece even more money from gullible followers.

Why has the "Ambassador" devised something new and different? To hide behind the façade, he's created and further obscure any trace to his real identity, and because he's seeking all the money, he can to line his pockets and those of his cronies (see below). Bo Mikael Lindstrom hopes to regain your focus and interest through a charity platform that he professes to be for humanitarian projects.

There's no disputing that funding Humanitarian Projects is a worthy cause and is desperately needed now to rebuild the dire state of our world, but the fact remains that humanitarian funding will never ever be accomplished by frauds and scammers.

Symbols and logos can be more powerful and revealing than words:

Shady Associations Make for Shady Endeavors

Below are the facts about Bo Mikael Lindstrom's associations. We leave it to the reader to discern if these are appropriate associations for those whose genuine intent is to assist humanity in making changes for a better world.

Alpha Omega Station (AOS) – A fake bank with accounts supposedly slated for Christian charities, this organization was originally created as a Russian money exchange system between the U.S. Dollar and the Russian Ruble during the Cold War. Subsequently AOS was disbanded, and in 1994, it was taken over by **Vladimir Ivanovich Kobzar** and given a new role to create its **fraudulent activities**.

Kemp's statement: indicating they would be the NEW WORLD ORDER and their prime objective was to take control of the Global Payments System currently conducted by SWIFT. Dictated to by Russian individuals of the highest level, with direct links to Vladimir Putin.

In addition, Kobzar also runs the International Charitable Christian Fund (ICCF), an international charity scam based in Spain which offers bogus Russian oil concessions worldwide.

On April 8, 2014 "His Excellency" Kobzar declared himself to be the "Beneficiary and Sole Signatory to External Packages of the former Soviet Union," further claiming that he is the owner of the gold assets and all other monies of the world and in charge of the Russian deposits at Fort Knox and other depositories.

As it so happens, Bo Mikael Lindstrom is a "**diplomat**" for the Alpha Omega Station. The above AOS logo is the same logo that Lindstrom uses for his Red Dragon scam but here you see it before his black "hen" overlaid on top.

No one should be fooled by **Kobzar's claims** to this NOT – Official Reconciliation Notarized (Year 2012 Between Vladimir I. Kobzar and Mr. Edy Seno Soekanto "Custodial Trustee") of the Asset(s) subject of the Green Hilton Agreement between Indonesia Government and United States of America (Kennedy Administration).

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

There have been strong insinuations made by Vladimir Kobzar that he is in a working relationship with the head of the Soekarno Trust, Edy Seno.

Now, after explaining to you who Vladimir Kobzar is, we really would not want this deception to take place or confuse anyone so we will bring you the absolute facts about this so-called relationship. Mr. Kobzar is not in a working relationship with Mr. Seno (who is a kind man and will give anyone a hand should they need it including Kobzar) but in fact Mr. Kobzar needed a favor and Edy Seno delivered for him not once but twice.

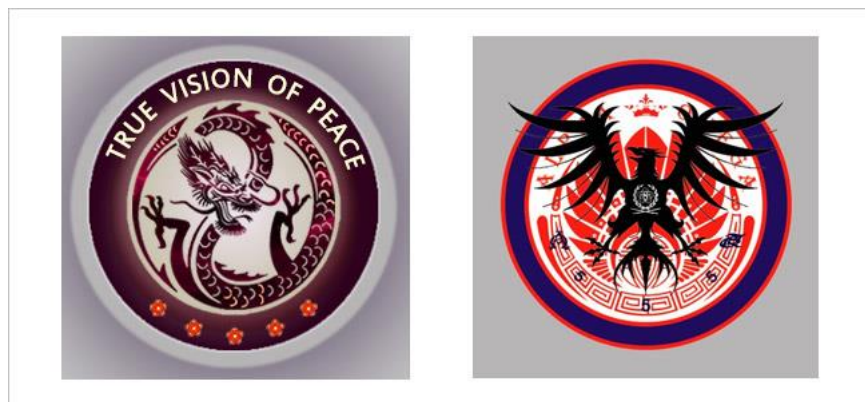

So, Mr. Kobzar I suggest you cease using Mr. Seno's name in conjunction with yours seeing it was only a favor nothing more. On the other hand, I hope you enjoy your 30-year-old paper. Nothing more needs to be said.

Kobzar has no claims to anything of value but the fraudulent paper he makes up to fleece gullible and charitable people (Is this why the Ambassador uses the same 5 star (Petal) seal that appears on Kobzar's document – very suspicious?)

CBC Global Trust (CBC) – Based in Hong Kong (website used to show this, but not now), this “fundraising” organization is run by CEO Bo Mikael Lindstrom, COO **Alexander Prado** (His LinkedIn used to show his connection with CBC – not now), but you can see those “People Also Viewed” Bo Mikael and Board Advisor Rev. Michael D. Walter. But **here Prado** can’t hide the fact, that shows he is VP/COO of CBC.

There is also **CBC Norway** owned by Bo Mikael. CBC now raises money for Lindstrom's “True Vision of Peace,” which has its new logo featuring a red-tinged dragon with five stars (petals) below it.

The CBC logo is the same logo that Lindstrom uses without showing the CBC connection for his Red Dragon operations – the phoenix Black “Hen” superimposed on the AOS logo. In fact, this black “Hen” was ripped off from the logo belonging to the [German Hotel Schwarzer Adler](#). (Why would he resort to stealing someone else’s decrepit black “hen” is anyone’s guess)

At one time Alexander Prado posted on his Facebook page the “Voice of the (Red) Dragon” Ambassador aka Bo Mikael Lindstrom (but not now). You’ll best appreciate this video by actually seeing and hearing “Bo Bo” Lindstrom Lindstrom, a self-proclaimed [Hapkido Master](#).

‘King’ Anthony Santiago Martin (ASM) and the LSM-TVM666 Accounts – As you may be aware from our first expose on the Ambassador, this current imposter-King and his falsified “White Spiritual Boy Accounts” (or “Spiritual White Boy Accounts”) from the World Bank Group documents and fake ASBLP Bank are a wholly counterfeit operation.

On an ongoing basis, ever-changing impostors (at least five so far), are propped up by Western alphabet agencies and assigned the name [Anthony Santiago Martin \(ASM\)](#). In fact, the first ASM imposter admitted that he was set up for the purpose of unauthorized access to the authentic ASM accounts and that he functioned as nothing more than a signature.

The real King Anthony Santiago Martin (God rest his soul) died in 1985, three years prior to Ferdinand Marcos in 1989. The King is no longer, and the authentic accounts have been returned to the real owners, the depositors who comprise the genuine Asian Dragon Family. (This particular phony Anthony Santiago Martin who arrived from a Thai village in 1993.)

These authentic accounts have been fraudulently labeled as “White Spiritual Boy” accounts as listed in the counterfeit World Bank Group documents. In displaying **page 19** of this document, Bo Mikael Lindstrom attempts to prove that these TVM-LSM666 (ASM) accounts belong to the alleged Red Dragon family of China.

What is important to note is the page of this document that Lindstrom deliberately did not show – **page 18**. On this page is handwriting on the side showing “TVM-LSM666” aka (TVM) Tiburcio Lillamor Marcos and (LSM) Leodegaro Salino Morilla.” TVM and LSM were two previous scammers who tried unsuccessfully to use these fraudulent documents and gain access to the funds. Obviously, Lindstrom did not want this revealed nor did he want any association to past failed attempts to present this document(s) as legitimate.

But Lindstrom neglected to cover up the name of Sir Wilfred S. Sarurin on **page 106**. Sarurin is a known expert counterfeiter and key in creating these fraudulent World Bank Group documents in the first place. Also, the signature of Queen Elizabeth II is counterfeit. **Jacques Jean Daniels Gillot** and The Red Dragon Hordes – Holding a Belgium passport, Gillot now resides in Spain.

In 2014 he conspired to launder S2S money from Citibank in Switzerland. **And in 2015** he conspired to launder S2S funds from Deutsche Bank (In both cases these are S2S – Agreement of codes – Server to Server funds – Investments for Economic / Social and Humanitarian Projects), which is a reversal of Robin Hood who in this case, actually steals from humanity. Also note, under Client Information Sheet – Personal Banking Details: (which is another con artist of) LSM – 10-0101010 – 666 accounts. Being a good friend of Bo Mikael Lindstrom, **Gillot's picture is posted** on Lindstrom's (first of two) Facebook pages and features him standing in front of a building with an “office for lease” sign under the address 555 Nathan Road, Kowloon Building, Hong Kong.

Another picture shows Gillot **pointing to the M1** symbol on the side of that building. As the “Ambassador,” Lindstrom claims that he works for M1. Well, welcome to the 555 era that will take over 666, but in reality it's only a distraction from the real deception to take over **TVM-LSM666 (ASM)** accounts which do not belong to anyone but the original depositors.

In (Bo Mikael's) 2nd Facebook page, is this picture titled ‘Lovely Diner’, clearly shows his association with Mr. Gillot, the 2nd man over from Bo and the 3rd man over is holding a Shofar ram's horn of the Gideon 777 (555) group.

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

(Bo Mikael Lindstrom – a.k.a. the fake “Red Dragon Ambassador” – is on the far right; to the left of Bo is another crook, **Christopher Wolf Crutcher** (of the dodgy **Empire Group**). This clarification was provided to us by the Dragon Family directly).

It has become apparent that Gillot is well entrenched with the whole Ambassador/Red Dragon operation. Gillot alleges that he is **HRH King Bathor of Mongolia** (plus six other nations) and the descendant of Batu (Genghis Khan), the “sole heir of the Golden Hordes.”

With claiming to be the “King” of seven nations, it is the considered opinion of the Keenan Team that “King Bathor” may be the head of Lindstrom’s Red Dragon Family which represents several other Euro-Asian families that have adopted the Red Dragon name. If so, then Gillot could very well be the “head of the snake” among the hordes calling themselves Red Dragons.

What is most revealing is that Gillot’s news page discloses the same old scam claiming ownership of the wealth of the world through the **TVM-LSM666 (ASM) accounts**. In the document that Gillot displays, he makes claim to the Account Name: Solitario Edralin Castillo (aka Mr. SEC, General Solitario E. Castillo, an ex-assignee with a Philippine passport).

As “King Bathor,” Gillot asserts that Castillo designated these accounts to him the year he was born (1971) and therefore declares himself to be the sole owner of this colossal fortune which was under the unlimited administration of General Solitario Edralin Castillo of the Philippines.

Karen Hudes – Many are familiar with Hudes who was **fired by the World Bank** and has aligned herself with a penniless scam artist, **Wolfgang Struck** (former UBS banker). Hudes contends that Struck has signatory authority for the Collateral Accounts and further, that she is the “Acting General Reconstruction and Development Legal Counsel for Debt Facility” over the same **TVM-LSM-666 (ASM)** accounts (Alpha Omega World Marshall Program). The fact remains that the World Bank has absolutely nothing whatsoever to do with the Global Collateral Accounts.

The End of the Fairytale Red Dragon Hordes

So here you have it: the fake Ambassador, the fake Red Dragon hordes, the fake Anthony Santiago Martin, the fake King Bathor and a whole host of related fake claimants – and don't forget Karen Hudes, all trying to get their hands on fake "White Spiritual Boy" accounts TVM-LSM-666 (ASM) accounts. It's hard to imagine anything getting more fake ... but it does!

Now Bo Mikael Lindstrom is soliciting funds for his "True Vision of Peace" charity front. The only "true vision" the Ambassador has is his attempt to take advantage of Ron Van Dyke's and David Schmidt's existing followers, playing upon their beliefs and sympathies in an attempt to fleece money from them in the form of "donations."

As the "Ambassador," Lindstrom has claimed that he has access to all the money in the world from his Red Dragon Family, but WHERE is that money? It doesn't exist! If it did exist, why in the world would the "Red Dragons" be soliciting funds from Ben Fulford's (of all people) "White Dragon Society" for the production of free energy devices?

While free energy devices are desperately needed, and there are more than a few of these devices in existence right now, it is all too evident that those who represent the Red Dragons are not people who should be given any funding.

This fraud must stop right here and now. The Ambassador has kept his identity a secret until this point, relying on his utter belief that people aren't smart enough to put the pieces together and discover his true intentions and the shady connections of his con game.

He further greases the whole scam with a large dose of a false "spirituality," so much lip-service that he spouts forth based on superficial, new age fodder that he's read. Thus, he believes he can lull followers into believing his intent is to help humanity while his sole intent is to help himself and his criminal cronies.

If there are those of you who are moved to take action and wish to file a complaint against the illicit and immoral actions of the former Swedish Ambassador's son, we suggest you address them to:

King of Sweden, Carl XVI Gustaf
c/o The Private Secretary to HM The King,
The Royal Palace,
S-111 30 Stockholm,
Sweden.

You can also send your comments via the contact page of the Swedish Royal Court's website: www.kungahuset.se

Since the Red Dragon Ambassador has no problem with the con game he is perpetrating, then it is time to call out the father for the wrongdoings of his son. Bo Mikael Lindstrom is trading on the title of his father, and it only seems right that the Lindstrom family should take some pride in their heritage and become responsible for putting an end to Bo Mikael's immoral activities.

The "Ambassador's" Spokesmen Also Need to Be Called Out

The original spokesman who aligned himself with the "Ambassador," Ron Van Dyke, is no longer actively involved due to health issues. To be fair, we have observed that Ron has put his heart on the line time after time, hoping somehow, someday he would hit the right chord. To date this has not happened.

But what Ron should take note of is that each and every scam he's supported all simulate each other — they want either your money or your soul. Take care, Ron. We like to believe that you mean well and we hope you make a quick recovery.

On the other hand, [Dave Schmidt](#) is well versed in politics from his days in [Washington State](#) (as a Senator he missed voting on 151 of 193 – for the people)

and there is also his Dong/Dinar failures with Mark Meersman (Pif). Schmidt has flown to Hong Kong and China a few times now (at his own expense, we understand) and met with alleged Elders, but in fact they were not Elders. We now know who these Asian parties are, and once again, Swissindo is involved. These Swissindo deceptions and connections never ended.

It is unfortunate that Ron was never told the truth by either the “Ambassador” or Dave Schmidt. The set-up was kept in place in order to retain Ron’s followers but little did the “Ambassador” know that Ron has a mind of his own. It was the “Ambassador” who first came to Ron, and in turn Ron brought in Schmidt only to be shut out by him as the operation unfolded.

Still, **Schmidt** carries on with his same storyline, conducting his seminars and working with the phony Red Dragon Family. Neil Keenan is amused to hear that **Schmidt maintains** his foolishness (stooping doorbelling lies), deception and greed. When Neil sat and spoke with the actual Dragon Family about this, they just shook their heads at this utter nonsense.

Schmidt's Newest Scam Artist Partner

Dave Schmidt's April and June 2015 posts both revealed his new connection with **Landa China Global** (Landa China Development Investment Corporation), which is run by a well-known scam artist, **Jerzy Babkowski**.

You may know him by his pen name, Zap. Landa China claims to do fundraising for humanitarian projects along with its related company, [Humanus](#), an organization based in Canada. All are connected to Babkowski. (As an aside, Babkowski recently suffered a heart problem also.)

Well done, Dave. With connecting to [Babkowski](#), you have now come full circle and officially joined the biggest merry-go-round of fundraising con artists there is ([What do you think about Landa Global Humanus Corporation and the bonds?](#)).

In Schmidt's recent video with the "Ambassador," both of them had words to say about the fraudulent activities of RV dinar gurus: "lying and misguiding people is not the way to do it" and "Justice will be done and the truth will always come out."

Do you really believe that you can absolve yourselves of wrongdoing and maintain your false pretensions by pointing at others for their lying and misguiding people when this is precisely what you yourselves are doing? This is the true meaning of hypocrisy.

We already know that you, "Ambassador," will label this article as an attack and say that we are using aggression against you. But in your own words about truth and justice, we are simply putting out the facts about you, your shady associations and your dishonest activities.

Now the latest thing being added to the scam is a new program that requires people to pay for and attend classes in order to "properly" submit their humanitarian projects for the Red Dragon's underwriters' approval.

The question was raised about what guarantee these people have that their projects would be approved after paying for the classes. The "Ambassador" answered the question by saying that it was not a question of the money being there, but rather it was matter of going through the "right procedures."

His "answer" says it all! Although the "Ambassador" claims that there are projects that have been funded, he has never given so much as one specific detail on any project that has been funded. Logic dictates that you would want everyone to know about funded projects. Why the secrecy?

Because there are no funded projects and there never will be any. When you look at some of the responses to that recent video. Even people who do not have all of the facts call it "bs."

The self-appointed "Ambassador" and his bogus Red Dragon Family have no money. They are far from who they say they are and have no means to fund anything. Just one solid piece of evidence is the fact that Red Dragon "representatives" recently solicited Ben Fulford, a member of the WDS for funding.

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The “Ambassador” has no history whatsoever of coordinating, much less funding, any humanitarian project. He can show no proof of any action that he has taken for humanity other than maybe repeatedly proclaiming that we must all work together.

Active involvement with known fraudulent associates and disreputable organizations reflects at the very least that Bo Mikael Lindstrom, the “Ambassador,” is not the honorable, spiritual man he pretends to be. In Lindstrom’s very own words, justice will be served and the truth will always come out, but obviously he never believed that this would ever apply to him.

We fully understand that many desperately want to believe that things can change for the better and to that end, they want to take definitive action. There are those who have already discerned the fraudulent nature of this Red Dragon scam, and there are those followers who refuse to allow a shadow of a doubt to enter their minds about their involvement in this operation.

Here is one more ongoing scam group promoting the same old Swissindo con – Mr. Sino, M1 con, who was never elected to be the M1 for the Global Collateral Accounts. Promoters **Dan Lutz** and **Tracy Davidson** (ex-Zeek pimp flees to Philippines) promote this false Thai con-artist pretending to be Mr. Seno (also with an address in Cirebon, Indonesia), who is trying to **trump the real Mr. Edy Seno Soetanto**, the heir son of the Grantee of the President Soekarno trust accounts, which relate to the collateral account assets.

To understand this correctly, President Soekarno willed all the documents of guarantee and the obligation to his teacher Kiyai Hadji Djawahir, as the grantee and thereafter to his son Dr. Edy Seno Soekanto.

As mentioned above Edy Seno is a kind man who before enduring the amputation of his leg due to diabetes fought his way out of a mad Malaysian kidnapping attempt. There have been so many parts to Edy Seno’s life including having such a famous father, as Soekarno’s right hand man, and mother whose name still shines over Indonesia.

Keith Scott and Peter Wagoner
a.k.a. His Highness (H.H.) Peter Brower Wagoner – Prince of Nusantara
[Secretary of Royal Alliances](#)
[Grand Chancellor Knights Templar Order of Solomon](#)

At one time it was mentioned by Keith Scott and Peter Wagoner, in yet another one of their attempts to steal from Edy Seno that a Cease and Desist had been issued to Neil Keenan relating to their relationship. Jean Haines eventually used this as well to malign Neil whereas Neil stated all along that Edy was his friend. Nothing more needs to be said other than to take a look at the photo below to show who is who and what is what.

Edy and Neil sail along smoothly as friends and will continue to do so no matter who attempts to put their two cents into their relationship. What should have been and could have been years ago is now beginning to take place – a relationship not between dependents but friends.

Edy Seno always uses his **thumb prints** when signing documents, something Scott or Wagoner did not ever acquire. Another point to make is that they attempted to enter his hospital room to get Edy's signature to no avail. When they did not get his signature, they forged it and then attempted to use this falsified document to take down Neil Keenan. Neil Keenan and Edy Seno are now both working together and will not let these other con artists steal any accounts from Indonesia.

Schmidt and the Ambassador discuss whether Mr. Seno is the true M1 because they insinuate that M1 may be a special operations group. This is really funny and truly revealing on their part because they say I think, I believe or maybe M1 might be a special operations group. Remember they claim to be the real dragon family and M1? It just shows you again that they are full of shit.

Sorry “Ambassador” – when you hesitate like that, you and your fake Red dragons reveal your fraud. There are still others who are simply not aware of the facts and the hard reality that their money, their hopes and their great ideas to help humanity will be exploited by these somewhat cunning swindlers and they will be left with nothing but disappointment and heartache.

We provide this information to protect our own people from such destructive con artists and to stand up for the true Asian Dragon Family depositors. It is bad enough that the Cabal is trying to kill us all, but these two-bit scammers make it all the worst with their trying to take advantage of our grim situation, playing on the hopes of the innocent and attempting to fleece them of every last dollar that can be had. Tragically, those who donate to this “cause” are in fact contributing to the opposite of where they intend their money to go.

By exposing the Pied Piper Ambassador, he led us also to expose his Red Dragon hordes, associations and all their western alphabet agencies involved in this scam. All eyes are on these scam artists – they must be exposed and stopped!

The Keenan Group has slayed the Ambassador and his ‘Red Dragon’ hordes.

For “We the People”, the Truth will set us free. So, the moral to this story is do your homework before getting involved with fairytales that are too good to be true. Align yourself and your efforts only with those who have proven track records of positive actions for the betterment of humanity no matter how small those actions may be.

We are sympathetic with hearing that Lindstrom is experiencing heart problems. Since our compassion is derived from genuinely caring for people, we offer our best wishes.

NEIL KEENAN UPDATE | Jerzy Babkowski Attacks The Fake Red Dragon Ambassador And His Con-Artist Friends

July 9, 2015

Dave Schmidt and the fake Red Dragon Ambassador engaged in a heavy episode of damage control today.

Jerzy Babkowski (also known as Zap) posted this comment (see below). He was an associate of theirs, who states that what we are saying about them is right – but what we say about him is wrong.

Schmidt, Lindstrom & Co. have lost their guy Dr. William Mount – who wrote articles at one time supporting the “Ambassador” and the alleged Red Dragon Family. Dr. Mount later left them and spoke out about them, saying ***“They do not intend to fund anything – they are liars and thieves just like the Rothschilds.”***

This was after the Ambassador’s response *“I want a full business plan and see how we can make money off of them.”* Further, the Ambassador stated that if in the next three years Humanity does not rise spiritually, they will destroy 90% of the planet’s population. **Mount has come to the conclusion that the Red Dragon Family – are arrogant, and greedy murderers.**

Their own people are confirming our discoveries. The Alpha Omega Station have taken their website down. Schmidt and the fake ambassador say our article substantiates nothing – when there are over 50 links in the article that verify what we have found – not to mention what others have confirmed to all with eyes to read.

It is this group of cons who are delusional, now back-pedaling to try and save their little scam. When you think about it, they are left with two options:

1. Quit and vanish. 2. Backpedal and try to obfuscate the truth that has blown them out of the water. The second is what they are doing as they have invested too much time and energy into their scam to pull out.

From: Jerzy Babkowski

Neil and Gentlemen,

A few items in this otherwise accurate expose, is that neither I nor Humanus nor Landa are involved directly or indirectly with the "Red Dragons", the Ambassador and Dave Show, and do not know any of the people that have been mentioned by name or picture.

I am well aware of the true Family structure, and in my writings, **I have said explicitly that the Family does NOT recognize the Red Dragons**, as there is only one Dragon left that has jurisdiction.

The seal used by the Ambassador is a fake, and that Family company was to be shut down a long time ago by the worker, but it was kept alive for some reason, and now we see why.

Having said that, do not lump Humanus and Landa in these obvious deceptions, as our sole aim and purpose is Humanity, and the funding of the Global Reconstruction Projects.

We do not ask for money, we do not solicit as described above the methodology of these people, and remain in high integrity to what we set out to do at great personal costs.

A few of our own have died during this time waiting to get going. Our funds are from the Family side as well as Europe royal side. The white hats only. We do not engage in politics, religions, or causes other than helping hands to our Humanity.

NEIL KEENAN UPDATE | Essential Clarifications & Updates – Relating To July 4th 2015

NFK Update: Essential Clarifications & Updates – July 4th 2015

The Keenan Team wishes to extend belated fourth of July wishes to the USA and also to everyone else in the world. There have been some incredible developments recently but it is too early to share them at this stage. We feel that a few clarifications must be made based on some of what we have been reading in cyberspace.

There is a large degree of misunderstanding concerning the Global Accounts and, in the video, you will get the cold, hard, truthful facts concerning these accounts. We certainly understand the confusion around the Global Accounts as most people do not believe that they exist, whilst others put too much faith in the propaganda put out by the Western media.

Neil Keenan, who for the past seven years has gone “all in” in his efforts towards saving the accounts from exploitation by the Khazarian Mafia Banksters (the Federal Reserve et al) and returning the assets back to the heirs of the people who put them there.

And, more importantly; ***to use the Global Collateral Accounts for the purposes that the depositors intended them to be used for;*** world humanitarian aid. Neil has risked his life, his family, his friends, and his money during this time. And no one has been as intricately involved with the accounts as he has been, except for the Banksters; until he effectively shut them out. And yes, they are now shut out.

After our work is done, the era of humanitarian help for a needy world begins. The elders told Neil that they would like to see this happen by January 1st. We will all be eagerly watching for the exact date.

Please do not heed anything that you hear in the area of “Jubilee”, in regard to the Global Accounts. The fact is in today’s world, “Jubilee” is neither commemorated nor celebrated, according to Rabbi Baruch Davidson. The Biblical explanation for “Jubilee” is:

According to biblical law, the Jubilee is only observed when all twelve tribes of the Jewish nation are living in Israel, as is derived from this verse, “*And you shall sanctify the fiftieth year, and proclaim freedom throughout the land for all who live on it,*” which implies that the Jubilee is only sanctified when “*all who live on it*” – meaning, all who are meant to be living there – are in the Land of Israel. Furthermore, the Jubilee is only observed when every tribe is living in the specific part of the land which was allotted when the Land of Israel was divided.

That should put to rest the “Jubilee” chattering. As this post is a little late making its way into cyberspace, the [second article on the Red Dragon has already been released](#) along with a follow up [which deals with their attempt towards a rebuttal](#).

But they have no grounds for rebuttal. Only those people incapable of performing, or those people unwilling to perform their own due diligence; will be victims of these shysters now.

We have had to spend way too much time on these counterfeits, putting ourselves in a position of “overkill”, but the research and due diligence had to be done. And it was – and we “hit the nail square on the head.”

As an aside, the Lindstroms should thank their lucky stars for not having been on the receiving end of some maniacal actions of The Black Nobility for using their names. Although that could change as this information is exposed to the world, as it is now. Maybe father and son need a bunker of their own?

If you have not read the post, [please do as you will need the information presented to put this story to bed](#). With regards to our “hitting the nail square on the head” statement, it is noteworthy that within minutes of our post hitting the internet, Vladimir Kobzar took down his Alpha Omega Station bank website. We will not be surprised if that is the action taken by the others who were “outed” in this post.

It will be interesting to see what Dave Schmidt now does as he is connected to Jerzy Babkowski, aka “Zap” on the Dinar blogs. Again, the truth prevails. We will be back with you when our work is done. We are fighting the good fight and have been successful in overcoming each and every obstacle put in our way.

We are hoping to be able to relay good news to you in the very near future. Until then, remember that it is “We the People” that will change the world.

Addendum Update Regarding David Schmidt's arrest

SEC halts "Meta 1 Coin" scam perpetrated by former state senator

The United States Securities and Exchange Commission (SEC) has managed to secure an asset freeze order and other emergency relief to stop an [ongoing securities fraud](#) perpetrated by Florida residents Robert Dunlap and Nicole Bowdler, as well as former Washington state senator David Schmidt.

The SEC's complaint alleges that the defendants marketed and sold a purported digital asset called the "Meta 1 Coin" in an unregistered securities offering conducted through the Meta 1 Coin Trust.

The complaint says that the defendants made numerous false and misleading statements to potential and actual investors, including claims that the Meta 1 Coin was backed by a \$1 billion art collection or \$2 billion of gold, and that an accounting firm was auditing the gold assets.

The defendants also allegedly told investors that the Meta 1 Coin was risk-free, would never lose value and could return up to 224,923%. According to the complaint, the defendants never distributed the Meta 1 Coins and instead used investor funds to pay personal expenses and funnel proceeds to two others, Pramana Capital Inc. and Peter K. Shamoun.

According to the complaint, the defendants raised more than \$4.3 million from more than 150 investors in and outside the United States.

The SEC's complaint, filed in the Western District of Texas (Austin Division) on March 16, 2020, and unsealed on March 20, 2020, charges the Meta 1 Coin Trust, Dunlap, Bowdler, and Schmidt with violating antifraud and securities registration provisions of the federal securities laws.

[Pete Santilli Episode #1039 – Neil Keenan: Jesuit Pope Will Shock The World In September](#)

Streamed live on 10 Aug 2015. (Unable to access or retrieve the Interview)

Neil Keenan joins Pete Santilli for one of the most informative interviews Mr. Keenan has ever done. Mr. Keenan is world renowned for his humanitarian efforts that he hopes someday will benefit humankind and release us all from monetary slavery.

Pete and Deb cover breaking news and offer critical analysis on today's current events. About Neil Keenan – Neil Keenan is an international businessman and "world patriot." In his lifetime of endeavors, Keenan has been in contact with the full scope of world personalities from heads-of-state to family "Elders" to cabal criminals.

His vast experience combined with his nature as a fighter make Neil Keenan uniquely and ideally suited for his ongoing work in helping to free humanity from cabal enslavement.

Keenan initially became involved with the Dragon Family, a group of wealthy Asian families, when he was chosen by them to be their principal in dealing with projects and platforms and protector of the accounts which 85% belong to the family.

In 2009 Neil Keenan was entrusted by the Dragon Family with financial notes and bonds whose present-day value is over \$1 trillion. This portion of the Dragon Family's accumulated wealth was registered in the Federal Reserve system and exchanged for notes and bonds. To determine that his intent was pure, Keenan underwent an ancient ceremony conducted by Indonesian "Elders."

In November of 2011 Keenan initiated a lawsuit to get back the stolen bonds, among other charges. He filed this unprecedented Trillion-dollar Lawsuit in US District Court in Manhattan, NY, naming defendants such as Daniel Dal Bosco, the OITC, the Italian Republic and its Financial Police, and Ban Ki Moon (the UN), among others.

The 111-page federal complaint details those involved in stealing the \$1.1 Trillion that is intended for humanitarian purposes. Other conspirators named in the complaint include the Vatican, the Masons and the Federal Reserve Board. This lawsuit became recognized worldwide as the case that will break the Western Financial Mafias hold on society.

Keenan is presently working to return to Indonesia to make the final push for substantial access to the bunkers and the opening of the Global Accounts. His efforts have been stalled by the cabal's criminal tactics: they have "disappeared" Keenan's bank accounts, murdered a good friend who was providing help, and attempted to kill another associate with a car "accident and even demanded a country not deal with Neil."

Since our birth we all have been fed, one way or another; the notion that the Cabal / Globalist way of seeing this was the only way.

To this very day everything we do involves the Globalists. It is time for us to wake up and start thinking and working for ourselves; no longer unknowingly under their umbrella. They can feel we are making the changes and they are moving quickly, fast-forwarding their Agenda 21 to the point where they could ruin their script. If so, they will have nowhere to hide.

They are coming out of hiding and by doing so have exposed themselves. They are attempting to show us how bold and determined they are to put us back in our so-called places. **Will this work? No!!!**

In the next couple of months, we are going to see many things we never thought would happen – actually take place. If we are smart, we will sit back and enjoy the show and if necessary, take action. We must keep an eye on one another during this time, helping one another out. There are many things we must do but one thing you all must know is that we should come together.

The understanding amongst the family is that we will (get the help to) build ourselves into nations that are stronger than ever. **We will survive – and oh yeah, I forgot to tell you that we will win whatever battle comes to us.** This is why they are desperate and making a big push to put us back into our servile places. The game is over and they have nothing left to offer us.

OUR TURN!

NEIL KEENAN UPDATE | Uno Dos Tres

September 6, 2015

NFK Update: Uno Dos Tres

Are you sitting? Are you ready to rumble?

If not get ready because the curtains are opening and we better be at the front of the show. Not just Jesuits and Illuminati. Hell, they have controlled humanity almost from the beginning of the civilized world – why wouldn't we want control now? Wouldn't we do a better job? Well guess what?

IT'S SHOWTIME!

The Jesuits are making an attempt to steal back the financial system.

They have already taken the Vatican back from the Illuminati (who work for the Jesuits – or did). Now they attempt to implement their New World Order. We are the ones that they plan to slaughter!! Watch out for Agenda 30 not Agenda 21...

We, most countries do not have any debt. Most countries are incorporated not sovereign. *Most are called a government but are in fact not so. If we do not have a proper Government then we have every right to file Civil Litigation against those who defraud us by claiming to be a Government – no matter who or what they think they are.*

This not only reaches the top towers of the Capital Buildings but also the Supreme Courts. For example, the Federal Reserve Bank in America, not the United States – has been printing money at a 17% interest rate clip for "We the People" to pay. This is the Federal Reserve System doing this – not the Government, seeing as we do not have one. We have been paying this because we have been deluded by the Jesuit / Illuminati factions.

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

If we in fact – do not have a true Government then this printing machine called the FRB which is printing 'money' for the Government (We the People) without our knowledge – they are defrauding everyone living within the US (and in almost all other countries as nearly all countries have a Rothschild Reserve Bank). Now you know why the Elite does not pay taxes; only the middle class ever really has.

This is another reason why 'they' are cleaning house with the middle class. The middle class has to go if the US are to collapse. Yes, I said US – but no one said America has to collapse. We still stand and stand tall.

The very same goes for Europe/ Asia / Africa / Oceania / the Middle East and everywhere else. We have all been had, but now are in position to bounce back – and bounce back strong. Irishman Chris Brosnahan has done a magnificent job in assisting me and we are ready to break down the doors. Without Chris advising me to stay cool I would be identified by the banks as the Barbarian at the Gate. Many thanks to Chris.

Most recently, I have been told that a huge explosion is going to take place and it is something that is imminent. I cannot wait, seeing as I have held back for such a long period of time to let it all out – and the time seems to be now. The video does not necessarily correlate with what is being said here, in that it was filmed approximately 3 days before [this article \(attached\) was published](#).

Nevertheless, you now have this information and how you deal with it is up to you. I wish you the best and want you to know once this is over with, I am going to be moving away to relax for a while. It has been a long ordeal, and again – once completed the hard part is done. Thanks to all and pray we get it done sooner rather than later.

NFK Update: Trick Or Treat

Best John Wayne Quote - ever!

Pope Francis, also known as the talking Mule

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

This Preface is very simple, we have a fake Pope one that is attempting very hard to be sincere and humble, and a President of a Corporation who has destroyed the land many who love and consider to be the best nation on the face of the earth.

A 'leader' who states the military is the strongest ever when in fact he has destroyed this as well. The 'cabal' plan is to eliminate the world's population, destroy America and turn it into a slave nation (which most lands are already) and bring to the fore the oligarchs and secret societies that have already been ruling the roost.

Ban Ki Moon, the Secretary General of the UN – the little Moonie who made his way to great heights with the help of those looking to bury us. You know who they are. There is no reason for me to keep repeating to you that which you already know.

It is time for the people in this world to stand up and fight. To let them know they are few and we are many. It is time for the military to understand that it is their families in the sights of the cabal as well. They are not planning to spare them. It is time for us to take to the streets, taking back what is ours and not allowing them (Congress and Senate) to walk freely amongst us – and as for Francis, it is time to send him back to where he came from once and for all.

POPE Publicly Verifies Global Role as Executioner of Billions

It is time to protect our children not give them up to such pedophiles. Do you believe for one second the 6 Billion People he wishes to kill would all die if they got together and stormed the Bastille (so to say)? Representative King says we should surround the White House – but I say surround all their houses.

They would all cower – and if the police and / or military did not come to their aid they would be defenseless and we would all come together as nations once again. It takes people power and I am sure we will have it someday soon.

As for Asia I suggest they move quickly otherwise the accounts will be worthless seeing the people will become extinct over there. Indonesia, Malaysia, Singapore, Thailand, Burma, Brunei, and many others must take note that the time has come today to move for there will be no tomorrows.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

I wish everyone the best of luck in their quests, hoping that tomorrow brings us all a new beginning. Do not dare enter the dark; they will lose. Believe in yourselves and your gods whatever they may be. Return the holy spirit to your souls and let it be for you will be rewarded. As you can see, we have been tricked often but the treat we will give them will surely set them running.

*And as I often say and mean it: **Charge... Let the dogs out...***

Upon winning this battle, we plan on holding a celebratory party right here at Bacco. Thanks to the staff at Bacco for inviting us and putting up with us as we filmed there. (We hope the background Bacco restaurant noise in the videos is not too bad)

What should one say when everything has already been said a thousand times or more? Get off the Sofa! Stop drinking beer! The RV is around the corner! (I told you it was not happening until much later).

First of all, I would like to thank Steve, the Manager of the famous Indonesian restaurant called Bacco located in the Lotte Avenue Mall in Jakarta.

The "Pope" is not a Pope he is a vicious Jesuit, or much worse – the Anti-Christ? Or even better; that hormonal idiot of a President of the United States is the Anti-Christ less steroids (ha ha).

It has all been said from Chemtrails to HAARP, Vaccines, Earthquakes, Tsunami's etc.

We have people supporting a Pope (fake) that has stated that Jesus Christ and the Bible are both lies. My only question is, if that is so then why have the Jesuits been promoting the Bible and Jesus for who knows how long? It was not just the Illuminati doing so, and here they are trying to sell us a bill of goods in which we have to pick our poison – or do we?

I feel it in my bones and I am proud to say "they" are slowly falling apart. Piece by piece, bit by bit, you can see their false façade melting. When one clearly sees such a thing – how can the bloggers state that it is inevitable there will be a New World Order in place soon?

How could that be, when we have not even begun to fight yet? What will happen when we finally decide enough is enough, take the bull by the horns and no longer allow them to poison us or hurt us any further?

We are not losing, although we are allowing them to push us around, or so it would seem. We are allowing them to crap on us – but we know that what they hurl at us now will be returned by us upon them tenfold.

I say this from my experience here. I am on the ground and I know what can be done once we open the door. Once opened it will not be possible to close that door! Don't think for one second that because you do not hear from me it means I have gone soft. Not at all!

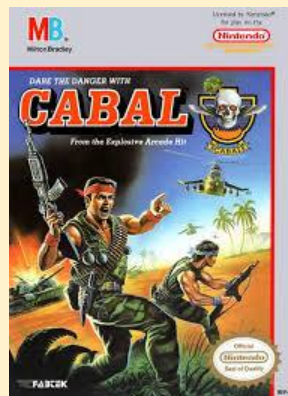

What it means is that all the roads that have been blocked are no longer blocked. I have roads open now straight to the problems – and once we have arrived there, our problems become their problems.

The blocks are gone; OITC, OPPT, Swiss Indo, Red Dragons etc. All phonies or shills working for the Cabal – all taken down by the small group that is Group K. We have fought directly with the principals as well. You see, the answer is not in beating those working for the Rothschilds, or Rockefeller's etc.; the answer is in beating them directly.

We need to change our approach and go directly towards the source. I know they fear us just by the amount of homes and property being bought in faraway places such as New Zealand. Costa Rica, once one of their hangouts is now considered too close to the States for them to be safe.

These are their 'getaway locations'. They are planning to run and run far, far away from the United States.

Then again once this is over with there will be no place that is far away enough. We will go after them, find them and bring them to justice swiftly.

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

What I am trying to say is we are looking at the End Game in the very near future. And we are the winners, yet it is still possible we could lose, should many maintain their positions as sheeple. Then again there should be enough of us to get this thing over with once and for all.

I don't want to sit here narrating what is happening. Let the bloggers do this. I want to take this directly to them and give them a real beating.

You know who they are as well as I do so let's all together give them the beating of their sorry non-existent lives, and then move on and begin living ours for the very first time. Imagine the feeling we will have after tossing them to the garbage cans, knowing we can do what we please without concerns about their archaic rules of law etc.

Imagine the comfort of knowing there will be no more wars, or at least wars without our participation. So, this is it or as they say "THE LAST HURRAH".

Victors we will be – and to take a page out of the Rothschild book we all know that 'TO THE VICTORS BELONG THE SPOILS'.

If such then let's just bottle them all up in FEMA Camps, and mosey on with our lives. We all have so much to do! Let's make our dreams come true....

As Patrick Henry said "Give me liberty or give me death". We can pick up where he left off and achieve the IMPOSSIBLE DREAM.

Luther Vandross The Impossible Dream with Lyrics

Before signing off I must state that I believe our new world will be a great one, one where smiles will be once again seen on the faces of old and young alike! I cannot wait. So, keep your head up, don't let it hang down, and stay strong throughout this coming storm.

AMANA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

And know that this is our time, our arrival, and needless to say “out with the old and in with the new”. God Bless us all and let it begin... I am with you!

You must know it and feel it. You can feel your blood pulsing through your body, your adrenalin keeping you on the edge of your seat. And most of all, the tears ready to flow in a victorious feeling unbeknownst to mankind. We are all one.

From one corner of the Globe to the other and guess what ‘WE WILL BE THE NEW WORLD ORDER’ – WE, the People... This I believe!!

[Barbra Streisand - I Believe/You'll Never Walk Alone](#)

God Bless us all from one nation to the next and for those in America who have lost their way, I have something special for you so get up and sing it out loud and get mad... Get really mad... And then let it all focus into determination and “Get ‘er done”.

Just remember it is not over till the fat lady sings and she has not even begun to warble so how can this be over with? Hell, we have not yet begun to fight...

NEIL KEENAN UPDATE | THE CONNECTION BETWEEN 9/11, JFK AND THE GLOBAL COLLATERAL ACCOUNTS

November 10, 2015

From: TheMindUnleashed

The purpose of this article is to shed light on some topics that have garnered considerable attention over the years and to show the underlying thread that surprisingly connects them all.

With the facts that will be presented, we can move forward with hope and optimism that there are indeed great things happening in our world and that there are those out there continuing to ensure the truth is known. Great times for us are at hand.

On November 22nd, 1963, John Fitzgerald Kennedy, one of the most beloved and famous US Presidents was assassinated in Dallas, Texas. Though there are many theories as to who killed him, to get closer to the truth we must ask why he was killed. In any murder investigation, the victim's enemies are often looked at first. In this respect, it was well known that Kennedy strongly opposed the military-industrial complex, which included The Federal Reserve and the C.I.A.

In a [speech on April 27th](#), 1961 before the American Newspaper Publishers Association in New York City, Mr. Kennedy openly stated opposition to "secret societies, to secret oaths and to secret proceedings." He stated further opposition to a "ruthless conspiracy...a highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations."

Creating considerable dissent with the status quo and more specifically with The Federal Reserve and C.I.A., Kennedy [signed Executive Order 11110 into law](#) on June 4th, 1963, which gave the president the right to issue gold-backed currency, and completely without permission from The Federal Reserve. But where was Kennedy going to receive such large amounts of gold to back a new Treasury note?

A Little History

In the 1930's, royal Asian families had seen that some of their gold and silver holdings in Southeast Asia were being plundered by the Japanese and needed to do something about it. In 1938, the Chinese Kuomintang government sent 7 warships loaded with gold and silver to the US Federal Reserve for safekeeping.

In return, the Chinese were given 60-year gold bonds—a subject we will return to further down. A few years later in 1944, the infamous Bretton Woods Conference took place in which the US, France and Britain were given a 50-year mandate to modernize and transform the world for the better. Backing this new global financial system that had just been set up was a now estimated 2 million metric tons of gold, held by this group of royal Asian families, which is also known as the Dragon Family.

By August 17th, 1945, President Soekarno of Indonesia had been elected “M1” or Monetary Controller of this large cache of assets, granted under United Nations Resolution MISA 81704, Operation Heavy Freedom.

These assets are better known as the [Global Collateral Accounts](#) and were originally intended to be used for the modernization of the world through several humanitarian projects. The Dragon Family are the legitimate Depositors of these accounts.

Presidents Kennedy and Soekarno

By 1955, it was shown that the International Monetary Fund, which was also created at Bretton Woods, was not living up to its word and was instead serving only the interest of the banking and political elite. It was at this time that a growing alliance began to see that these funds were being used to fuel the Cold War tension and decided to strongly oppose the shady banking cabal.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

By 1963, this alliance pooled their financial resources together to create the Green Hilton Memorial Agreement, which was signed by John F. Kennedy and President Soekarno and was finished on November 14, 1963.

This agreement was to utilize the [Global Collateral Accounts](#) for global development and humanitarian projects (along with a new US Treasury Note, a new international note backed by gold and would bring an end to The Federal Reserve system and the CIA). Just 8 days later, JFK was assassinated.

The above pictures show The Green Hilton Memorial Agreement and signatures of President Soekarno and President John F. Kennedy along with several others with listed amounts of gold-backed certificates.

A short time following Kennedy's passing, President Soekarno was driven from power by way of a coup. By 1968, the Bush, Kissinger, Rockefeller and other influential families created a fake heir to the rights of the Global Collateral Accounts. Up until the writing of this article in November of 2015, these accounts have been illegally and fraudulently used by the central banking system.

The 9/11 Connection

In 1998, 60 years after the Federal Reserve Board and the Chinese swapped gold for gold bonds, the Chinese requested their gold back. After refusal from the Fed, the Chinese Kuomintang government followed with a lawsuit.

The International Court of Justice ruled that the Fed needed to return the gold, which was later agreed upon by the Fed. The first payment was scheduled to be delivered September 12th, 2001.

Interestingly, on September 10th, 2001, former Defense Secretary Donald Rumsfeld announced that 2.3 trillion dollars went missing from the Pentagon defense budget. Even more conspicuous, Cantor Fitzgerald Securities, the company that was handling the paper work for the gold to be delivered back to the Chinese, was inside One World Trade Center on floors 101-105. All 658 of their employees were murdered on that day as the towers fell and the gold was not returned to the Chinese.

The Monaco Accords, The Trillion Dollar Lawsuit and the BRICS

In August of 2011, representatives from 57 nations (none were invited from the West) came together off the coast of Monaco to create an alliance designed to legally take down the central banking cabal and create a new global financial system using the [Global Collateral Accounts](#) for many development and humanitarian projects.

Neil Keenan (right) with Count Albert of the Dragon Family

[Reports from Neil Keenan](#), who helped arrange this historic meeting and has been entrusted with protecting and restoring the legal rights back to the [Dragon Family and settling the Global Collateral Accounts](#) for the benefit of humanity, has stated that this Monaco meeting alliance has now swelled to 182 countries and is being spearheaded by the BRICS nations (Brazil, Russia, India, China and South Africa).

Neil also filed a lawsuit in the Southern District of New York on November 23, 2011 to the tune of over a trillion dollars against the United Nations, the Office of International Treasury Control, Silvio Berlusconi, Ban Ki-Moon, the World Economic Forum and several others.

For those that want proof of this lawsuit, here is a screenshot of the filed case. This comes from pacer.gov, which is used to look up filed cases. Take a look at the plaintiff and defendants.

Since that time, Neil has withdrawn the suit (Obama's economic advisor's brother became the judge and he previously had never been a judge before) to refile in an even more effective jurisdiction and plans to do this in the very near future. This new lawsuit will be bigger and will expose the EU, the Federal Reserve and all the parties mentioned above, plus much more.

Neil Keenan has also filed liens and a Cease and Desist order against all twelve central banks in the U.S. and a Cease and Desist order on behalf of the Dragon Family against names like Queen Elizabeth II, Hilary Clinton, George Herbert Walker Bush, George W. Bush, David Rockefeller and several other well-known names.

Under penalty of enforcement of the lawful rights, powers and authorities detailed in this DEMAND, enforceable under national and international common and statutory laws of all Nations involved, as applied to the facts supported by evidence, YOU ARE HEREBY FORMALLY SERVED this legal and binding DEMAND TO CEASE AND DESIST your crimes against the People of the United States of America.

Official criminal complaints to various agencies in multiple States and International Courts are actively being prepared by qualified legal counsel with the broad and overwhelming support of senior military, militia, intelligence, law, and security enforcement officials, to be filed without delay in the event of your failure or refusal to deliver to us convincing formal written assurances and binding commitments to comply with this DEMAND, within 3 business days.

Although specific laws of the United States are referenced here as having effect and jurisdiction in this matter, you are hereby WARNED that similar and analogous criminal laws of all related countries based upon the same fundamental legal doctrines also apply, and are equally enforceable.

Immediate Demand Under Force of Law

Based upon information obtained from credible and reliable confidential sources, we have reason to believe that your organizations, their responsible executives and also employees and agents, have begun preparation and/or implementation of certain highly criminal actions that are the subject of this DEMAND.

We hereby lawfully demand that you immediately CEASE & DESIST from any and all of the following acts, courses of action, and planning or preparation for acts of misconduct that are in clear, direct, flagrant and indefensible violation of established and enforceable criminal laws, of which you and your criminal agents conspired to achieve at the Australian G20 meeting, to wit: the disposition of the interests, rights, territories, assets and property rightfully owned The People of The United States, and the substantial and imminent devaluation of the US dollar, by and through:

- 1. The imminent implementation by G20 corporate criminal agents masquerading as government heads of state of plans to **dispossess the assets, territories, property rights, and/or possessions of the People of The United States of America** to the benefit of foreign entities and their agents in order to satisfy the debts and private misdeeds and misappropriation of gross levels of treasure of The People of the United States of America by the private banking cartel of the Federal Reserve and the latter's co-conspirators;**

assets and property rightfully owned The People of The United States for the same purposes described in number 1, above;

3. The imminent implementation by G20 corporate criminal agents masquerading as government heads of state of plans to **SIGNIFICANTLY DEVALUE THE US DOLLAR** to further the purposes and interests of the private parties described in number 1, above.
4. The actual ongoing implementation by G20 corporate criminal agents masquerading as government heads of state in order to aid, abet and advance the goals of numbers 1-3 above, by means of:
 - a. Mass murder and genocide of the People of The United States Of America and other various nations of the world;
 - b. Mass poisoning of the land, the air, and the seas of The United States of America and her people, and other various nations of the world, specifically via massive toxic aerosols released into the atmosphere, radiation poisoning, GMO food stock infestation, sterilizations, and poisoning by other means;
 - c. The use of HAARP weather and atmosphere technologies and other terrestrial like-kind technologies to cause, steer, and exacerbate unnatural disasters, to cause earthquakes, volcano eruptions, Yellowstone Park magma disruptions, Asian nuclear disasters (in conjunction with other weapons), and explicit, public terrorist threats against Sovereign States, like Indonesia, with catastrophic flooding when they fail to bend to your genocidal extortion; and
 - d. The use of other forms of nuclear, biological, and nanotech weapons of mass destruction through false-flag and deceitful state-sponsored black operations, pinning the blame on terrorists that have been developed, groomed and deployed by your very own puppet state-corporations that are using these same terrorist operations to undermine the liberty and wealth of nations. These false flags have grown so thinly veiled that only the most weak and feeble-minded among the masses now fail to see what is being done.

Legal Basis for Demand Order

The above-listed actions, which you are hereby demanded to Cease & Desist, presently do and/or would constitute the most severe violations of the following U.S. criminal laws and also their corresponding equivalent laws of other Sovereigns:

Is Our World to Be Set Free?

Is this massive alliance about to make its move on the banking and political cabal? Is Neil Keenan and his team about to finish what JFK, President Sukarno and many others were trying to accomplish?

Will the 9/11 connection to the Global Collateral Accounts finally come to light? To these questions, Neil Keenan has a statement for the world:

"JFK, Soekarno, 9-11 and everything surrounding it all boils down to one and the same groups or organizations etc., that being what is known as the Cabal or NWO. Look no further than Rothschild's, Rockefeller's, and on a lesser scale Bush's, Netanyahu's ...etc.

We must always remember that according to these people we the “goyim” are the enemy and furthermore we must understand not only are they Khazars (read Khazars and their empire) but Satanists and clearly want us all dead.

They want the world, this planet and everything they touch. They taint everything they make, put together, manufacture, and one way or another are taking precious seconds and minutes away from our lives.

They go so far as to poison baby food (Johnson and Johnson's most recently caught, simply stated we are sorry and will take the toxins out of the baby food) but when caught they simply walk away leaving a path of utter destruction for many families.

It is time we defend our families, our planet, our friends and those who will soon be lifelong friends. It is time to bring our planet together as one, to fight these evil criminals disguising themselves as politicians. It is time to fight them as they fight us and stop talking about it.

The road to the collateral accounts was initially filled with litter. From OITC (Ray Dam), OPPT (Heather Tucci), Swiss Indo (Sino), Karen Hudes (who never did understand the collateral accounts and had never heard of the Dragon Family when she requested my help), Red Dragon Family, World Economic Forum (Davos and Giancarlo Bruno), the UN, and many others I have never mentioned all decided at one time or another they owned or managed the accounts when in fact not a one ever had any of the DEPOSITORS permissions to represent said accounts.

We took them all down and we laid them to rest but similar to a film script they often return to life and take a second shot at things after taking a deep breath but... they are all just fiction.

We are on the road to the accounts. The litter has been tossed into the garbage where it belongs and upon completing this road the accounts will be open. The big question, even one from the Dragon Family is... will I be able to move the notes and the answer is YES!

We will be able to complete this impossible task and release the funds as initially planned for humanitarian purposes. I need a little more time to get to where we must be but we will be there and when so, the Cabal is finished... FRODO LIVES... ha ha.”

NEIL KEENAN UPDATE | NEIL KEENAN IS NUMBER 1

December 3, 2015

Revelations from the “Asian Insider”

Neil Keenan: Continuing on with and furthering their work... SALUT!

Today we received the following information from an anonymous individual going by the name “Asian Insider”:

“After spending the past week discussing matters with Neil about the earth-shaking meeting that we attended, I have decided, with Neil’s permission, to construct an update regarding what can be classified as an imminent major change in the financial system. For security purposes, we agreed that I would withhold my name in order to protect me and my family.

You can post this if you like, or keep it to yourselves and wait until Neil completes the deal and returns to Jakarta. But I thought it would be kind to keep everyone abreast of the sweeping financial changes that are now shifting into place. I hope you enjoy the news:

Late in the evening on November 25th, a meeting took place in an Asian country (not Indonesia) with: The Elders, who represent the largest depository of the Global Collateral Accounts (GCA) assets (worth Quadrillions); the Spiritual Advisor to the Elders; Jo, who served as the translator; and Neil Keenan. Security was very tight – what seemed like an “army” of guards safeguarded the home where the meeting was being held.

AMANAH'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

Realizing that many such meetings in the past had resulted in nothing but empty promises, Neil was cautiously optimistic. Still he voiced his thinking that “maybe this time it’s different, maybe this is ‘it,’ the doors are opening and the Global Collateral Accounts (GCA) at long last would start flowing to humanity,” — as it was all originally meant to be.

After catching up with one another, the meeting kicked off with the startling revelation that the Elders have been holding a cache of assets for Neil for over a year now, waiting for a “safe” time to transfer them to him.

With bands of mercenaries relentlessly patrolling the bunker areas in hopes of stealing the assets for their bosses (George Soros and the Rothschild family), the transfer of the cache to Neil poses mortal danger for every single person involved. So far four Elders have been murdered by these maniacal mercenaries.

It’s become common knowledge there about the mercenaries being severely cruel and merciless with anyone found in the vicinity of the bunkers. Their prime directive is to block Neil and his team from getting to the assets. The mercenaries follow no rules on how this gets accomplished.

After briefing Neil about the assets that are waiting for him, and that the “safe” time for their release is at hand, he was further surprised to learn that a year ago the Elders had also drawn up “letters” for him to sign.

Upon his signature, Neil Keenan would be known as Number 1 (N1) — or, as the position is more commonly known, M1.

It was by unanimous consent among all of the Elders that they elected Neil as N1. Had there been even one dissenting Elder, he would not have been elected.

Presently the documents are being finalized and sent to Neil for his signature. He will be given full Power of Attorney over their depository of GCA assets and officially become

the Elders' sole representative and spokesperson for all dealings and the release of the funds to implement the Humanitarian Projects.

Should he accept the responsibility of being N1, Neil will control the issuing of the assets to 132+ Nations. To this he held some objections because after all, governments are criminal corporations that would simply pocket the asset funds rather than implement any humanitarian projects.

But Neil came up with an acceptable solution. A Foundation will be established with the GCA and his "umbrella" organization through which the funds would flow for worldwide humanitarian projects.

No banks, governments, corporations nor individuals will have direct access to these funds without going through the Foundation.

The funds will be distributed first to Indonesia and then to each of the 132+ Nations for projects such as the release of free energy and suppressed technologies, the cleaning of our water and the restoration of our oceans and lands, rebuilding infrastructure, education programs, etc. etc.

However, this designation of N1 did not seem to enthuse Neil, and immediately he discussed the group that he would like to set up to oversee such matters. Neil stated that he would direct his professional team to ensure that the distribution of funds and resulting projects are successfully initiated and maintained for their intended purpose.

As the meeting came to a close, the Elders made one additional point clear — that Neil is free to venture forth with his own undertakings but with one provision: that he never loses sight of Indonesia. There was no contention on this provision because Neil wants the Spiritual Advisor by his side and the support of the Elders. And since it is well-known that Neil's intent has always been to see that Indonesia becomes the "Jewel of Southeast Asia," this strong alliance with the Elders guarantees the most positive outcome possible.

At this point, the meeting ended, and Neil and Jo returned to their hotel." So, there it is — should Neil Keenan sign the documents, he will be N1 (= M1) for the worldwide distribution of the GCA assets.

Meanwhile on the other side of Asia, Nelu had met with a group of Elders who will assist in opening the Accounts and getting Neil and the team set up. I must say that this has surely been a double-barrel effort by both of them to get things rolling!

For nearly 100 years the Indonesian Elders have held these notes on behalf of the depositors. They have not been able to make use of any of the notes because the Western banking system has shut them down every step of the way.

It cannot go without saying that the Elders have not been given any remuneration for what they have safeguarded for so long. Some have been assassinated, and some have been imprisoned for their roles in spite of the fact that each and every move the Elders have made has been entirely legal.

Yet in Europe the Western banking system has illegally managed to get hold of notes and use them as “casino bonds,” freely gambling them on anything they chose – they never worry about losing what they don’t own.

But now it cannot be denied that the game is changed. Drastically. Not only does Neil have the old codes from the Book of Codes, he also has all of the New Codes. Once the accounts are opened and audited, the codes will reveal precisely who played with the depositors’ notes.

They can continue to ignore the consequences at their own peril. It is no secret that solid arrangements are being set up where all of these criminals will be held accountable for their atrocities and then “quarantined” to a place where they can never again control and decimate another planet.

They never foresaw such an outcome. They never believed that this day would ever come. But it has.

Last-Ditch Ploys of the FED — Last month a group representing the Federal Reserve arrived in Indonesia and approached several Elders. This group claimed they would cash in or monetize the assets that the Elders were holding but only on one condition: The Elders could do no business whatsoever with Neil Keenan.

Of course, the Elders are well aware of the crimes that the Federal Reserve foisted upon humanity since its very inception in 1913. They’re well aware of what President Sukarno and President Kennedy tried to do 52 years ago.

In fact, the Elders are well aware of a lot more than what wealth will do for this planet. They know their legacy is ultimately a spiritual one, the only eternal value. That even such a proposal would be presented to the Elders reflects that the FED is in such deep denial as to be inconceivable.

No normal human being wants perpetual war and planetary destruction. No normal human being wants more pain and disease. No normal human being wants any more of the darkness that the Cabal has created on this planet.

But it still remains an all-out, high-stakes game for the Cabal. Their massive desperation is evident everywhere, more than ever. Their desperation is no longer just internet “hopium” chatter.

Pathetically, this escalated “theater of terror” orchestrated by the Cabal is hardly a dignified swansong. A reminder for them: it does not have to be this way.

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

The truth is that in every single moment a new choice can be made. The change is upon us all now and instead of events that sweep the world with devastation, we will now see events that sweep the world with positive creation.

Once Neil gains access to the GCA and the funds start flowing, it means the utter dismantling of the Cabal. This is the catalyst we have been working for. The playing field will now tip in our favor, and their insane reign comes to an end. It can be no other way.

As one group of Elders has repeatedly told Neil: "We have been waiting for you for 30 years Mr. Keenan, and now you are here."

The nations of the world elected President Sukarno as M1, the monetary controller of the GCA. Now the Elders have elected Neil Keenan as N1.

Neil has been responsible for the protection of the GCA for more than six years, and like the Elders, there has been no remuneration for their efforts. They have selflessly laid the groundwork for what is to come. Who can say what untold millions of lives, or even future generations, have been saved due to their groundwork? Without a doubt, Keenan stands as a one-man wrecking crew.

John Lennon taught us to Imagine. Ahead of us, we as a collective have meaningful, fulfilling jobs to do for the betterment of mankind and the planet.

I am sharing the big picture of what I'm seeing now because I feel compelled to have as many as possible imagine and embrace the concept that we will now be given the means to rebuild our world. We ALL need to be thinking about this and envisioning what we want because it is the only way to make it happen.

We will evolve. We will live up to our potential as a species. What is happening is On Time. Our Time. Believe it."

NEIL KEENAN UPDATE | The Accounts Are Beckoning / Clear Sailing Ahead

December 10, 2015

NFK Update: The Accounts Are Beckoning / Clear Sailing Ahead

NFK Update: The Accounts Are Beckoning / Clear Sailing Ahead pt 2

[NFK Update: The Accounts Are Beckoning / Clear Sailing Ahead pt 3](#)

From the very beginning Neil Keenan realized that he was in it for the long haul, but at the time, not even he knew what an arduous task he was taking on.

It officially started with his unprecedented lawsuit which was made famous in David Wilcock's article "Financial Tyranny." The lawsuit is in the process of being re-filed in spite of many a roadblock.

So much "clutter" and subterfuge has had to be cleared before moving ahead. Cabal representatives tried to settle the lawsuit with Neil to make him go away but he could not be bought off.

Group after group have made the scene with sensational false claims to the Global Accounts, and rightfully each one has dissolved into nothing. And then there are those who still speak out of both sides of their mouth but have not a thing to show for it. Now the course ahead is clear, no more blocks in the road.

Neil notes: *"The funny thing is people forget that those shills, cons, etc. were always in the way seeing that it's their job to protect the accounts for the Cabal, whereas the Keenan Group's job was to protect the Family's assets."*

The actual re-filing of the lawsuit is relatively easy after finding the truth about what has happened to us for approximately 300 years. The games, the fraud, the deceit, the murders, have all been exposed to the people on this planet again and again until it's finally sinking in that it's real.

Think about what we have been through and the mind control they have had over us for so long! Yes, our mothers, fathers and others have all gone through this but we are now at a very special time called the Awakening.

We are the special ones, the chosen ones. We have taken it to the very end and right now we have a brand-new beginning." **Neil Keenan**

AMANAHA'S ODYSSEY | PROFILE OF VALOR & VICTOR ©

Presently Neil is waiting to receive three “letters” which will involve instituting desperately-needed changes on our planet. Once he signs them, he will be in control of the Global Accounts. According to Neil, he will then be able to take care of the matters detailed in the original Bretton Woods Agreement:

“If you understand this, then you realize a major theft took place not just after the first, but also after the second Bretton Woods Agreement. To top it all off, this theft took place even before the ink had dried on the agreement.

The Western Financial System was set up based upon such thefts, and as we all know they used Eastern assets from the Global Accounts to achieve all of their goals.” So, this is where we are today – Neil is a stone’s throw away from control of the Accounts and the subsequent issuing of assets to 132+ Nations with the assistance of the Elders and Neil’s right arm, the Spiritual Advisor known as “the Prince.”

“We are close. So close we can almost taste it! It is called the End Game. This is what we feel — the salvation of mankind and the earth itself. This is not ‘meet the new boss, same as the old boss.’ Yes, we have more roads ahead of us, but the road is straight now and we will never fall off it again.” Neil Keenan

On a side note, some of the Cabal tactics that Neil has contended with have also included attacks that could be termed esoteric in nature. These escalated incidents have remained unmentioned here, but Neil has a strong comment on this interference:

“Among a lot of things, I have access to, I have access to the book of ‘Black Magic.’ We know what we’re fighting. We can fight this battle however they wish. But you see the results of their rituals – you see it lasts for only so long. Otherwise right now there’d be only a few of us left standing. What we’re doing – it’s here to stay. Maybe it’s OUR witching hour for the Khazars, Nazis, Zionists.”

Neil Keenan

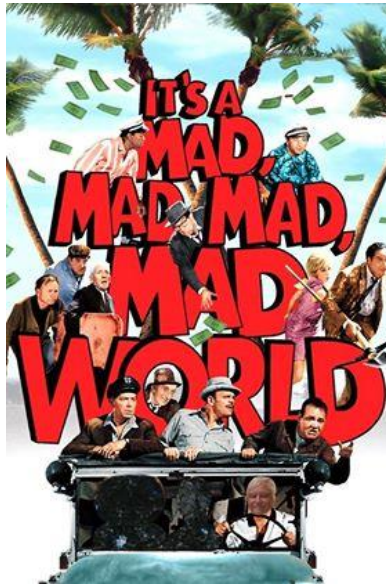

And this may be nothing for them to laugh about.

Neil put forth a most commendable effort in bringing you this video message even though he has been working more than just overtime. With the benefit of some holiday time, you can bet that he is building up his second wind to take this to the next level. Because that’s exactly where we’re standing – at the next level.

We join Neil in expressing our thanks and gratitude to all who believe in a world of peace and harmony. *“The true spirit of Christmas lies in the heart.”*

NEIL KEENAN UPDATE | Nobody Does It Better –That's Why

December 22, 2015

Better Late Than Never: In the Nick of Time!

With the revelation of Neil Keenan assuming the position as M1/N1, once again we find ourselves answering unnecessary questions. It is quite revealing that the loudest backlash to this news has been from those individuals who have not done one thing toward making the world better – not one overt action to improve humanity's condition. They look for a handout no matter from which direction it comes.

So, let's focus on action, a Timeline we put together which includes some history leading up to too many events which Neil Keenan and Group K not only participated in but also created and even warned about to help avert disasters, some of which would have been catastrophic. This may be an eye-opener for many who are only aware of Neil's lawsuit, and also for those who talk of things they know nothing about.

It was coined best when Neil was called a “**one-man wrecking crew**”: all action, never quits. You can't keep a good man down.

The Timeline – Walking the Talk—details some of Neil Keenan's and Group K's achievements. Their actions and intents have led to certain events, and in turn set off related chains of events in which Neil and his Team have intervened to assist us all.

Below are highlights of the work that Neil has accomplished. Neil Keenan has been providing ground-breaking changes and exposure of world events and conditions, and that he has been “body-and-soul active” in effecting significant change on this planet:

2015: Keenan reports Intel on Germanwings crash shot down by US / NATO

2015: Keenan exposes World Economic Forum (WEF) being held in Jakarta

2015: Upon signing the documents, Keenan will be known as Number 1

[Sidenote: Neil Keenan has opted not to sign the Monetary 1 (M1) Documents]

Quote from a high-ranking Pentagon official: “This small group of ragamuffins known as Group K, has actually done more than what it would cost us and our agencies to do – in the 100’s of millions of dollars.”

Whereas the major nations have been tearing the world apart, the “seamstresses” at Group K have been busy sewing it back together into one. While the Cabal is orchestrating major nations to confront each other in the greatest power struggles ever staged on this planet, they neglect to pay attention to a small group sneaking through a crack and tearing down their foundations. This is our window of opportunity — and we always take advantage of our advantages.

The Elders have patiently waited a hundred years and finally they will see the assets put to work as they were meant to be upon the signing of the Bretton Woods Agreement. Now, the Elders will be able to hold their heads high amongst their country’s and the world’s peers, and at long last can say what no one else in the history of the assets can say: “We have finally done it!” They have found who they term is their chosen one, their “Number 1,” who will lead the way to fulfilling their visions and dreams.

As we await the “final” events to be added to this Timeline, all of these efforts can be clearly seen for what they are – protecting humanity, expanding awareness of what’s truly happening on the planet and interacting with those who are in the position to make worldwide changes.

All of this work has come at great personal cost to Neil and also to the Team. By example, this is what can be done toward making this world one in which we thrive without enslavement and sanctioned annihilation. We do what we do because this is who we are. This is not about the great pot o’ gold at the end of the rainbow. This is about our birthright and the solid path we put into place so that others can follow and support.

When those who cry out in helplessness declare “Nothing’s happening!”, we invite readers to become aware of what has transpired over the years. It is our hope that your awareness will inspire and motivate many more to join us along this very hard-won path that Neil and the Team have carved out for the people and the planet.

In celebration of the upcoming holiday and the new year ahead, we wish Peace, Love, Joy and Goodwill to all!
